Upper Adams School Tax May Be Given Big Boost

Occupation assessments, long a matter of pennies in the tax structure of the county, are scheduled to be a \$37,500 answer to income problems of the Upper Adams school system.

Directors of the Upper Adams system have advertised plans to adopt at their meeting May 9 a resolution which will place a 30 per cent tax on the occupation assessment of the people of the merged district.

According to the advertisement, the tax will bring \$37,500 district to help meet the cost of current expenses and building rental expenses of the district.

Up to \$60 Each
The new tax will range from \$3 to \$60 on each resident of the Upper Adams district.

Counties are assessed from \$10 to \$200 on occupations. The amounts were set by law in 1883 and provide such interesting features as a \$25 assessment for the farmer, and a \$50 assessment for the farmer's wife.

Housewives and retired persons are assessed \$50 for occupations. The \$10 assessment is on indigent people. Laborers or farmers who do certain types of custom work have an \$80 assessment. Skilled labor, such as mechanics, school teachers, preachers and reporters, are assessed at \$100. Managers of businesses and stores and superintendents of schools are assessed at \$150 and owners of stores and businesses, lawyers, dentists and physicians have the top occupation assessment of \$200.

Children may enroll for 25 cents but adult memberships are \$1 each. A supporting membership also is offered at \$5. The adult membership rate applies to all persons above high school age.

A special appeal is being made to the 8,000 card-bearing borrowers at the library to enroll as members of the library auxiliary for this year. The Friends of the Library were formed last year. Their president is Mrs. Frank N. Hewitson, Gettysburg R. 3. "The purpose of our spring membership drive is to enlist more support for the library and to increase the interest of the public in this important county institution," Dean Tilberg said.

PLAN ANNUAL SPRING RIDE NEXT SUNDAY

With a nearby horse show scheduled for every Sunday in May, the members of the Gettysburg Riding Club Tuesday evening set this Sunday as the time for their annual blossom ride over the battlefield and invited anyone interested to take part.

The meeting was held after a covered dish supper at the home of Mr. and Mrs. John D. Teeter, Twin Lakes, with 73 persons attending.

It was pointed out that the Knights Templar parade here May 1 and the Littlestown Horse Show on the same day made it impossible to hold the blossom ride that day and that horse shows are scheduled for all other Sundays next month. The riders will leave at 1:30 p.m. from the Winebrenner farm.

Discuss 4-H Club

John Naugle, who with his wife, was a guest at the club meeting, told the riding club members that five persons already have indicated an interest in joining a proposed 4-H pony club. More members are needed and it was announced that membership is open to any youngster interested and is not restricted to riding club families.

Plans also were discussed for the annual Gettysburg Horse Show on June 19.

After the business meeting a 30-minute film on the American Shetland Pony Club was shown. It also touched on the 4-H pony club movement.

Dr. Bruce N. Wolff showed a local riding club film that included many of the club's activities dating from its first horse show at the Bircher farm in 1953.

Rhee Pledges Redress For Grievances In South Korea When "Order Is Restored"

By GENE KRAMER

SEOUL, South Korea (AP)—President Syngman Rhee today pledged South Korea's people redress for their "major grievances" as soon as order is restored to their riot-torn country. Once martial law is ended, said the 85-year-old President in a statement, "the government will devote maximum energy to the investigation of these disturbances. Those who are guilty can be assured of punishment. Those with major grievances can be certain of redress."

It was Rhee's first statement on the nine days of anti-government demonstrations culminating in riots in Seoul Tuesday in which at least 92 persons were killed. That was the official toll announced by the government today. At least 50 of the hundreds of injured were in critical condition.

Capital Is Quiet

C.C. COMMITTEE ASSIGNS JOBS TO 3 GROUPS

The Chamber of Commerce improvements committee at a luncheon meeting at the Dutch Cap-board Tuesday divided into three subcommittees with special assignments for each and made plans to receive reports at the group's next meeting May 24.

Fourteen members of the committee headed by Chairman Ralph K. Will attended the luncheon session and were assigned to these special work groups: Town improvements, headed by William G. Weaver; cleanup, headed by Maurice Stoops and a general committee not yet given a name, headed by George W. Miller.

Weaver's subcommittee in improvements was asked to go into the matter of establishing public comfort stations before the Civil War Centennial celebration gets underway. It was suggested Lincoln Square sites be considered along with other points in the community where comfort station facilities are or were available, such as the Western Maryland passenger depot.

Miller's group was asked to go into the problems of midtown parking meters with the thought that two-hour parking ought to be available in at least the first blocks of the four main streets. The committee also will seek ways to insure more courteous treatment of tourists who face parking lines.

The cleanup group headed by Mr. Stoops was asked to give attention to center town light standards and plans for cleaning them or painting them a more attractive color than the present dark green. The possibility of enlisting volunteer help for the work (Continued On Page 11)

PAY TRIBUTE TO WORK OF MRS. MADSEN

The Adams County Commissioners at their meeting this morning in the court house passed a resolution honoring Mrs. Donna Madsen, Child Welfare Services director, who died suddenly Saturday.

The resolution praised the "loyalty, integrity and skill" of the deceased child welfare secretary and noted that she had "given unselfishly of herself" in carrying out the duties of her office.

Mrs. John Naugle, visitor in the child welfare offices, reported members of the advisory board had volunteered to assist in various duties until a replacement for Mrs. Madsen can be secured.

Mother Changes Mind

She also reported to the commissioners a problem posed by a mother who had placed a child for adoption and now wishes to have the child returned, if she can work out arrangements for its care while she is employed. The commissioners advised that the mother be given two weeks in which to decide to permit adoption of the child or resume care for the child. In the meantime the child is to be brought back from potential adoptive parents with whom the infant was placed Tuesday.

In addition to the child welfare work, much of the morning was given to appearances by children seeking to place parents in the county home, most torn between desire to keep the parents with them and inability to care properly for the aged parents.

Reports at this morning's meeting showed that work has begun on construction of the new county home.

Narrow Escape

GAITHERSBURG, Md. (AP)—A youth enroute to Emmitsburg, Md., where he attends college, apparently dozed as he drove on route 240 north of here early today.

Police said his car veered to the right of the dual lane highway and bowled over seven posts holding a metal guard rail. A section of the rail went through the engine, the front and back seats just to the right of the driver, and came out through the trunk.

The driver, Patrick J. Neary of Washington, recovered a bruise and small cut of his forehead. A wrecker towed the car to a junk yard.

CLUB TOLD OF TOURIST ASSET TO THIS AREA

"Taxpayers in Gettysburg and Cumberland Twp. are fortunate they have the tourist to help pay the bill," G. Henry Reh, a director for the Gettysburg Battlefield Reservation Association, told the Exchange Club at its meeting Tuesday evening at the Lamp Post Tea Room.

"A check of Cumberland's tax base would show that approximately \$200,000 of the real estate assessment exists because of the tourist. If there were no tourists then the hotels, museums and similar units simply would not exist."

"In Gettysburg about \$500,000 of the assessment is directly attributable to the tourist, although the college student body would require some of those accommodations as a place for their parents to stay when they visit here."

Other Income

"In addition the tourist is providing the funds for Cumberland's planning and the tourist will add \$5,000 to the Cumberland school board's income this year from a three per cent tax imposed by the board on amusements."

"Gettysburg is also planning to derive some revenue from amusement taxes on tourists visiting the museums. And the town's \$30,000 a year from the parking meters comes to a large extent, possibly half, from the tourists."

"Tourists are one of the best type of taxpayers, they don't put children in your schools. A motel might provide an assessment of \$22,000 but the occupants are transients. To get the same taxation from homes you would need at least 10 and probably could also have about five or ten more children to educate with corresponding increased costs for school (Continued On Page 3)

ROAD SAFETY LESSON GIVEN 600 HS PUPILS

Gettysburg Senior High School students had a lesson in highway safety this morning.

There was a talk by Wentzel Morris, special demonstrator, on highway safety. Then he showed a film "Teen-age Violators" and then he took the students outside the school to show them how much distance it takes a car to stop at speeds varying from 20 to 40 miles an hour. Two students, a teacher and Chief of Police Jack Bartlett were the drivers of the demonstration cars.

While nearly 600 students looked on, Gary Maring, 17, who has been driving a year and estimated it would take him 15 feet to stop a car going 20 miles an hour, stopped the test car in 31 feet nine inches.

Sandra Hartman, a 16-year-old student who has been driving six months and estimated that she could stop the test car in 10 feet from a speed of 20 miles an hour, required 31 feet on the test.

Chief Is Final Driver

A. G. Gray, a member of the school faculty, drove a test car at 30 miles an hour and stopped it in 61 feet, four inches. His reaction time let the car go 16 feet eight inches and the actual braking distance was 44 feet eight inches.

Chief Bartlett drove the auto at 40 miles an hour and stopped it in 87 feet 11 inches. His reaction distance was 25 feet three inches and braking distance 62 feet eight inches.

The driving demonstration took place on the roadway between the high school and the Keefeauver Elementary School.

Sterling Musselman, local insurance representative, made arrangements for the demonstration. Special test cars were used that fired paint cartridges onto the road at the point where the stop signal was given, another at the point where the brakes applied and a final one when the car was brought to a stop.

the Friends of the Library with all of the proceeds to go into the treasury of the library.

Children may enroll for 25 cents but adult memberships are \$1 each. A supporting membership also is offered at \$5. The adult membership rate applies to all persons above high school age.

A special appeal is being made to the 8,000 card-bearing borrowers at the library to enroll as members of the library auxiliary for this year. The Friends of the Library were formed last year. Their president is Mrs. Frank N. Hewetson, Gettysburg R. 3. "The purpose of our spring membership drive is to enlist more support for the library and to increase the interest of the public in this important county institution," Dean Tilberg said. PLAN ANNUAL SPRING RIDE NEXT SUNDAY

With a nearby horse show scheduled for every Sunday in May, the members of the Gettysburg Riding Club Tuesday evening set this Sunday as the time for their annual blossom ride over the battlefield and invited anyone interested to take part.

The meeting was held after a covered dish supper at the home of Mr. and Mrs. John D. Teeter, Twin Lakes, with 73 persons attending.

It was pointed out that the Knights Templar parade here May 1 and the Littlestown Horse Show on the same day made it impossible to hold the blossom ride that day and that horse shows are scheduled for all other Sundays next month. The riders will leave at 1:30 p.m. from the Weinberger farm.

Discuss 4-H Club

John Naugle, who with his wife, was a guest at the club meeting, told the riding club members that five persons already have indicated an interest in joining a proposed 4-H pony club. More members are needed and it was announced that membership is open to any youngster interested and is not restricted to riding club families.

Plans also were discussed for the annual Gettysburg Horse Show on June 19.

After the business meeting a 30-minute film on the American Shetland Pony Club was shown. It also touched on the 4-H pony club movement.

Dr. Bruce N. Wolff showed a local riding club film that included many of the club's activities dating from its first horse show at the Bircher farm in 1953.

Rhee Pledges Redress For Grievances In South Korea When "Order Is Restored"

By GENE KRAMER
SEOUL, South Korea (AP)—President Syngman Rhee today pledged South Korea's people redress for their "major grievances" as soon as order is restored to their riot-torn country. Once martial law is ended, said the 85-year-old President in a statement, "the government will devote maximum energy to the investigation of these disturbances. Those who are guilty can be assured of punishment. Those with major grievances can be certain of redress."

It was Rhee's first statement on the nine days of anti-government demonstrations culminating in riots in Seoul Tuesday in which at least 92 persons were killed. That was the official toll announced by the government today. At least 50 of the hundreds of injured were in critical condition.

Capital Is Quiet

With martial law proclaimed in Seoul and four other cities, much of the capital was quiet. People

C.C. COMMITTEE ASSIGNS JOBS TO 3 GROUPS

The Chamber of Commerce improvements committee at a luncheon meeting at the Dutch Cupboard Tuesday divided into three subcommittees with special assignments for each and made plans to receive reports at the group's next meeting May 24.

Fourteen members of the committee headed by Chairman Ralph K. Will attended the luncheon session and were assigned to these special work groups: Town improvements, headed by William G. Weaver; cleanup, headed by Maurice Stoops and a general committee not yet given a name, headed by George W. Miller.

Weaver's subcommittee in improvements was asked to go into the matter of establishing public comfort stations before the Civil War Centennial celebration gets underway. It was suggested Lincoln Square sites be considered along with other points in the community where comfort station facilities are or were available, such as the Western Maryland passenger depot.

Miller's group was asked to go into the problems of mid-town parking meters with the thought that two-hour parking ought to be available in at least the first blocks of the four main streets. The committee also will seek ways to insure more courteous treatment of tourists who face parking fines.

The cleanup group headed by Mr. Stoops was asked to give attention to center town light standards and plans for cleaning them or painting them a more attractive color than the present dark green. The possibility of enlisting volunteer help for the work (Continued On Page 11)

PAY TRIBUTE TO WORK OF MRS. MADSEN

The Adams County Commissioners at their meeting this morning in the court house passed a resolution honoring Mrs. Donna Madsen, Child Welfare Services director, who died suddenly Saturday.

The resolution praised the "loyalty, integrity and skill" of the deceased child welfare secretary and noted that she had "given unselfishly of herself" in carrying out the duties of her office.

Mrs. John Naugle, visitor in the child welfare offices, reported members of the advisory board had volunteered to assist in various duties until a replacement for Mrs. Madsen can be secured.

Mother Changes Mind

She also reported to the commissioners a problem posed by a mother who had placed a child for adoption and now wishes to have the child returned, if she can work out arrangements for its care while she is employed. The commissioners advised that the mother be given two weeks in which to decide to permit adoption of the child or resume care for the child. In the meantime the child is to be brought back from potential adoptive parents with whom the infant was placed Tuesday.

In addition to the child welfare work, much of the morning was given to appearances by children seeking to place parents in the county home, most torn between desire to keep the parents with them and inability to care properly for the aged persons.

Reports at this morning's meeting showed that work has begun on construction of the new county home. (Continued On Page 3)

ROAD SAFETY LESSON GIVEN 600 HS PUPILS

Gettysburg Senior High School students had a lesson in highway safety this morning.

There was a talk by Wentzel Morris, special demonstrator, on highway safety. Then he showed a film "Teen-age Violators" and then he took the students outside the school to show them how much distance it takes a car to stop at speeds varying from 20 to 40 miles an hour. Two students, a teacher and Chief of Police Jack Bartlett were the drivers of the demonstration cars.

While nearly 600 students looked on, Gary Maring, 17, who has been driving a year and estimated it would take him 15 feet to stop a car going 20 miles an hour, stopped the test car in 31 feet nine inches.

Sandra Hartman, a 16-year-old student who has been driving six months and estimated that she could stop the car in 10 feet from a speed of 20 miles an hour, required 31 feet on the test.

Chief Is Final Driver

A. G. Gray, a member of the school faculty, drove a test car at 30 miles an hour and stopped it in 61 feet, four inches. His reaction time let the car go 16 feet eight inches and the actual braking distance was 44 feet eight inches.

Chief Bartlett drove the auto at 40 miles an hour and stopped it in 87 feet 11 inches. His reaction distance was 25 feet three inches and braking distance 62 feet eight inches.

The driving demonstration took place on the roadway between the high school and the Keefe Elementary School.

Sterling Musselman, local insurance representative, made arrangements for the demonstration. Special test cars were used that fired paint cartridges onto the road at the point where the stop signal was given, another at the point where the brakes applied and a final one when the car was brought to a stop.

U. S. WORRIED ABOUT KOREA

WASHINGTON (AP)—United States officials expressed concern today lest strife in South Korea tempt Communists north of the 38th Parallel to once again invade that country.

American strategists estimate the Communist army poised in the north is even larger and better equipped than the 50,000-man American and 500,000-man South Korean force below the 38th Parallel which divides North and South Korea.

Dispatches from Korea Tuesday night reported the 15th Korean Division had been released from United Nations control at the government's request and was moving into Seoul to help keep order.

Military men believe, however, that South Korea's internal troubles are causing no direct danger to U. N. forces spread along the armistice line.

Two U. S. Army divisions in Korea include a substantial percentage of South Korean soldiers. In some smaller units, South Koreans outnumber Americans.

Troops of both countries in the border area are controlled by the United Nations commander, Gen. Carter Magruder.

The youngsters tried to take off his shoes. Presley compromised and gave one girl a shoe lace.

SUGGEST IKE SKIP KOREA

By ERNEST B. VACCARO
WASHINGTON (AP) — Two members of the Senate Foreign Relations Committee proposed today President Eisenhower reconsider his plan to visit Korea as a further protest against "repressive measures" of Syngman Rhee's government.

A third, Sen. Hubert H. Humphrey (D-Minn.), disagreed.

"I think it is a good time for the President to speak up, on the spot, for the political rights of the Korean people, and I hope he will do so," Humphrey said.

There has been no indication of a change in Eisenhower's plans to visit Korea June 22 near the end of his scheduled trip to the Soviet Union and Japan.

Sens. George D. Aiken (R-Vt.) and Mike Mansfield (D-Mont.) joined Humphrey in applauding Tuesday's action by Secretary of State Dean Rusk in charging the South Korean government with adopting "repressive measures" unsuited to a free democracy.

running mate, Li Kiang-poo, defeated vice president John M. Chang, both by overwhelming votes. The demonstrators charge that Rhee's Liberal party rigged the elections and also accuse the police of brutality against election day demonstrators.

Support From U.S.

The demonstrators drew surprise support Tuesday from U.S. Secretary of State Christian A. Herter, who charged that Rhee's government had adopted "repressive measures unsuited to a free democracy." He called on the government to protect democratic rights. Many Koreans interpreted the statement as a call for new elections.

Rhee's statement appeared a move toward meeting the complaints, but its full meaning remained to be determined. The statement was read to newsmen by a spokesman, and the president himself did not appear.

"Display Patriotism"

The statement called on the South Korean people to "display their patriotism and follow the instruction of responsible authorities."

"The first task is full restoration of law and order — so that necessity for martial law no longer exists," Rhee declared.

While promising redress of major grievances, the President gave no indication of what the government would do to meet its critics. Rhee's Cabinet met throughout the day, discussing the situation and Herter's censure. Tanks and armed combat troops guarded the Cabinet building and other major public buildings.

Buildings still smoked from fires set by Tuesday's rampaging mob.

Leaders of Rhee's Liberal party, the opposition Democrats and independents tentatively decided to reconvene the National Assembly Friday to discuss the crisis.

WADSWORTH TO TALK IN SECRET

WASHINGTON (AP) — Ambassador James J. Wadsworth agreed today to meet with the Senate Atomic Energy Committee in closed session to report on the Geneva nuclear test ban negotiations.

Rep. Chet Holifield (D-Calif.), presiding at committee hearings on problems involved in any test ban, announced Wadsworth had accepted an invitation to appear.

Holifield said the session would be secret because of the delicate stage of the Geneva talks.

Sen. Albert M. Gore (D-Tenn.), who asked that Wadsworth be invited, told a reporter he was agreeable to a closed session although he would have preferred it to be public.

Gore recused Wadsworth of joining with the Soviet delegation last month in a joint statement which "misled the American people" into thinking the Soviets had fully accepted U. S. test ban proposals.

The ambassador arrived Tuesday from Geneva for a brief period of consultations here.

URGES CHANGE IN MLK PRICE

PHILADELPHIA (AP) — Atty. Gen. Anne X. Alpern in an unprecedented appearance before the Pennsylvania Milk Control Commission today urged maximum as well as minimum prices on milk. She asked also that consumers be permitted to buy gallon jugs of milk at substantial savings over smaller quantities.

In Pennsylvania the commission sets only minimum prices—below which no dealer can sell. However, he can charge more than the minimum price since there is no maximum.

Miss Alpern noted that "the price of milk in the state has been steadily upward and we feel that the consumer must get a better break." She said that in the Philadelphia area, whose prices are the subject of this hearing, approximately a quarter of all the milk sold—over 200 million quarts a year—is priced above the minimum.

The minimum price in a store is 23½ cents a quart, 25 cents delivered at home.

Concerning gallon containers, Miss Alpern said: "The utilization of a quart as a measuring yard is no longer realistic. We should be thinking in terms of gallons and half gallons."

New Driving Tests Begin October 1

HARRISBURG (AP) — Pennsylvania will begin physical examinations of its oldest group of drivers Oct. 1.

Starting date of the examinations, part of Gov. Lawrence's new highway safety program, was disclosed Tuesday by O. D. Shipley, highway safety commissioner.

In addition, new applicants for drivers' licenses will be required to take physical examinations after June 1, Shipley added.

The first physical examinations for licensed drivers includes some 200,000 persons licensed before 1924 when the state began testing driving ability.

"JUST AS LONG"

Just as long as you will love me . . . I will work and follow through . . . putting forth the best that's in me . . . so I am worthy of you . . . just as long as you will love me . . . that's how long my heart will sing . . . happy songs with tender meaning . . . melodies of endless spring . . . just as long as you will love me . . . I'll have faith in great supply . . . faith to calm the troubled waters . . . and behold a star-kissed sky . . . just as long as you will love me . . . life will hold a sea of charm . . . for all things wear smiling faces . . . when we travel arm in arm . . . just as long as you will love me . . . I'll be rich beyond compare . . . your love is a magic treasure . . . I am truly blessed to share.

building, teachers, etc. "The tourist business not only pays off in providing income for owners and employees of motels, gasoline stations and stores, it also adds greatly to the tax base.

Must Preserve Battlefield

"This area should seek to preserve the battlefield because it is custodian for the world of a great historic shrine. But if financial interests are to be considered rather than historic ones, then the people should be even more anxious to preserve its battlefield.

"The preservation association is seeking funds to purchase land needed to make sure our battlefield remains as it is. Whether it will succeed is up to the public. Whatever funds it receives will be used to buy needed land. The association hopes that it will obtain enough to buy all that is needed. Whatever occurs, it will buy what it can.

"It truly believes that we cannot afford to take the chance on areas between Devil's Den and Big Round Top being sold off for development. It would like to purchase, if enough money can be raised, the county home land and Adams Realty land in the Barlow Knoll area and the area between the end of town and Oak Ridge, along the Mummaburg Rd.

Seek Other Land

"It would like also to purchase the Sherry farm area and a lot of little plots now undeveloped within the battlefield area proper. We hope we can succeed in buying it all. We will do what we can.

"And in preserving the battlefield we believe that Cumberland Twp. and Gettysburg will be aided financially. The tourist needs lodging, food, gasoline, recreation and museums to care for his well being and heighten his understanding and enjoyment of the national heritage here. If we succeed in buying the land future motels, homes, business places will be a few hundred yards from where they otherwise may have been located. But if the battlefield is made smaller, then it will be less of an attraction and a lot of the motels, museums, etc., that may come into existence if the battlefield is preserved will never exist."

President Crosby N. Hartzell presided at the meeting at which the group voted to meet with the Hanover and York Exchange clubs May 3 at a point meeting in York.

DRUG MAKER RAPS PROBER

WASHINGTON (AP) — The president of the Pharmaceutical Manufacturers Assn. today accused Senate investigators of unfairly attacking the industry.

Dr. Austin Smith said the Senate Antitrust and Monopoly subcommittee has been airing some misleading evidence and biased testimony designed to picture the industry as tainted by monopolistic practice.

In testimony prepared for the subcommittee, he called the charges baseless. A good deal of the testimony, he said, came from witnesses seemingly hostile to the pharmaceutical industry. He urged the senators to hear more from the industry side.

Smith resumed where he had left off last February when he denounced as false charges that big drug manufacturers have been profiteering in the sale of prescription medicines.

Actually, Smith said, there are 1,800 manufacturers of prescription medicines, and the number is growing. He said competition among them is keen.

NEHRU, CHOU TALK BUSINESS

NEW DELHI, India (AP) —

Prime Minister Nehru and Red China's Chou En-lai got down to business today on their disputed Himalayan borders. The two met for the first of six days of talks amid general skepticism that the negotiations will provide much of an advance toward agreement.

Since his arrival Tuesday, Chou has appeared tense and a bit apprehensive about his reception in a country angered at what it considers Chinese aggression.

All of New Delhi's newspapers underlined the somber reception for the Chinese Premier on his arrival. Nehru himself set the tone with a declaration in his welcoming remarks that India's relations with Communist China "have been imperiled for the present and future."

After laying a wreath at the shrine of Mohandas K. Gandhi and a call on Indian President Rajendra Prasad, Chou came to Nehru's official residence for their first talk. They will meet twice a day through Monday.

The two leaders brought diametrically opposed views of the border question to the discussions. China claims the entire 2,500-mile border between the two countries is undefined and should be negotiated. India insists the border is well known on the basis of history, tradition and usage and needs only minor adjustments.

Inflation Hinges On Union Cooperation

PITTSBURGH (AP) — The possibility of future inflation depends in a large part on the co-operation of the United Steelworkers in improving production efficiency says R. Conrad Cooper, chief industry negotiator in last year's nationwide steel strike.

"If these efforts are successful, then the employees, the companies, the union and the country all will have won—otherwise some or all will have lost," Cooper told the McKeesport Management Assn. at nearby McKeesport Tuesday night.

JOHANNESBURG, South Africa (AP) — Two hundred police supported by armored cars raided the Duncan Village Negro settlement near the Indian Ocean port of East London today and arrested 345 Negroes.

It was the second big raid on Duncan Village in three days. Police say the raids are to clean out Negroes who have burned their passbooks in defiance of government regulations, agitators trying to incite violation of race regulations, loafers and illegal residents who are not employed in East London.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — The scheduled debate between Sens. John F. Kennedy and Hubert H. Humphrey in the West Virginia presidential primary should, in a sense, be a kind of beauty contest. But not quite.

The two senators are like a pair of salesmen from the same company (the Democratic party), with the same label on their suitcases (liberal), asking the customers to make a choice.

There isn't much to choose between their ideas on the kind of administration they say the country needs. They're pretty much the same. The choice to some extent would have to revolve more around personality than programs.

But the loser in the May 10 West Virginia primary will probably blame his loss on more than the way he parts his hair.

Refused Earlier Challenge

The two men tramped through Wisconsin where Kennedy trimmed Humphrey but refused a challenge to debate him. Kennedy explains he thought "it would be harmful to the party and candidates."

Perhaps a much more persuasive factor in his thinking then was the belief he could wallop Humphrey without going through a debate. The polls at the time indicated he was out in front. He won by more than 100,000 votes.

In West Virginia—where Kennedy seems to have topped going than in Wisconsin—he says he accepted the second Humphrey debate challenge because of the attacks on him.

Get Close Look

The two men's views, because they are rather similar, may not be an important factor in swaying West Virginia voters. But the sight of the two men in action and close up will provide a chance to weigh their presidential looks.

But even if the primary results force one of the other to give up his presidential hopes, the loser is apt to place the blame on something besides the debate.

Kennedy as a loser might feel, for instance, that his Catholicism, which didn't keep him from winning in Wisconsin where 30 per cent of the people are Catholic, was what killed him in West Virginia where the Catholics are only 5 per cent.

Must Stop Kennedy

Or, he might explain a defeat by reasoning he was ganged-up-on—that the backers of three other presidential hopefuls—Adlai E. Stevenson and Sens. Stuart Symington and Lyndon B. Johnson—teamed up to help Humphrey win in order to knock Kennedy out of the race altogether.

This would have to be based on a theory that Humphrey has no chance at the Democratic convention to get the nomination and that Kennedy, unless stopped soon might be unstoppable.

Humphrey, who knows that there seems to be a general opinion he can't get the nomination,

would have to think closer to home to explain a defeat for him since neither the Catholic vote nor a gang-up would figure in his downfall.

Upper Adams School Tax May Be Given Big Boost

Occupation assessments, long a matter of pennies in the tax structure of the county, are scheduled to be a \$57,500 answer to income problems of the Upper Adams school system.

Directors of the Upper Adams system have advertised plans to adopt at their meeting May 9 a resolution which will place a 30 per cent tax on the occupation assessment of the people of the merged district.

According to the advertisement, the tax will bring \$57,500 district to help meet the cost of current expenses and building rental expenses of the district.

Up to \$60 Each

The new tax will range from \$3 to \$60 on each resident of the Upper Adams district.

Counties are assessed from \$10 to \$200 on occupations. The amounts were set by law in 1883 and provide such interesting features as a \$25 assessment for the farmer, and a \$50 assessment for the farmer's wife.

Housewives and retired persons are assessed \$50 for occupations. The \$10 assessment is on indigent people. Laborers or farmers who do certain types of custom work have an \$80 assessment. Skilled labor, such as mechanics, school teachers, preachers and reporters, are assessed at \$100. Managers of businesses and stores and superintendents of schools are assessed at \$150 and owners of stores and business, lawyers, dentists and physicians have the top occupation assessment of \$200.

The Gettysburg Times
TWENTY-FIVE YEARS AGO**Heavy Traffic Now Indicates "Good Season"**
The tourist trade in Gettysburg this season is going to be the best we've had in five years. This is the consensus of opinion of local hotel men, restaurant proprietors and some guides, and the basis for their opinion is the unusually heavy traffic that has been rolling into town this spring. Another "sign" in the Easter travel. Local observers say that if travel is good during Easter week traffic will be heavy throughout the summer.**County Apple Crop Largest Yield In State**
One million dollars worth of apples. That is the estimate placed by the state department of agriculture on the value of Adams County's 1934 apple crop. Nineteen thirty-four was one of the banner years in apple production in Adams county, with an estimated yield of approximately 1,500,000 bushels. The average price received by growers in this county for their fruit was 71 cents a bushel.**V.F.W. Organize Post In Town**
Organization of the local post of the Veterans of Foreign Wars was completed at a largely attended meeting in the court house, Wednesday evening, George R. Markle, temporary president, presiding. The application of the local post for a charter has been approved and the charter will be received from national headquarters within the next ten days. Thirty-two veterans who saw foreign service have enrolled as charter members.**"Dogfish" Is Caught Here**
A fish with four legs, a head like a dog and a long flat tail was caught in Marsh Creek, Monday, and the angler almost turned a flip-flop when he pulled the strange looking fish out of the water. The fish is 18 inches long.**The "what-is-it"** was brought to George M. Zerling's hardware store. At first, no one knew whether it was a fish turning into a dog, or a dog turning into a fish. Zerling, however, classified the creature as soon as he saw it. He said it was a "water dog fish," which are found in large numbers in the Susquehanna river.**County Fruit Is Not Harmed**
Adams County's fruit, especially the early peaches, has weathered 48 hours of unusually cold weather, mingled with some cold rain, a sprinkling of snow flakes and a light whiff of dust. This morning a warm sun brought wide smiles to county growers and another banner fruit crop is being widely discussed throughout this widely known fruit belt of Pennsylvania.**Dogwood Soon To Bloom Here**
The flowering dogwood trees in the Gettysburg National park are expected to be in bloom during the early part of May, James R. McConaghie, superintendent, announced today in reply to requests from tourists who annually journey here each spring to see this lavish floral display.**Local Scouts Will Present Demonstration**
The largest and most pretentious demonstration presented in Gettysburg will be offered by the five local Boy Scout troops, in the Hotel Gettysburg annex, Saturday, Dr. W. E. Tilberg, scout executive for Adams county announced today. The demonstration will feature activity in which Boy Scouts interest themselves and will give the local public an opportunity to see at first hand the progress made during the recent years by Gettysburg's scouts.**Easter May Be Rainy; Local Folk Hopeful**
Gettysburgians, anxiously awaiting the debut of 1935's Easter, today were inclined to discount the weather man's forecast for Sunday which predicts cloudy weather with occasional rains. Easter finery, however, is expected to be seen amply at various colorful church ceremonies and although the forecast is a bit

Today's Talk

WANDERERS AND WONDERERS

Each one of us, at some time, or other, is a wanderer, dreaming perhaps, but drinking in the joys and revelations of the Earth. When you become an intelligent wanderer you become a wonderer and begin to inquire all about a world so perfectly put together; yet with wise knowledge, the more we study and observe and inquire as to the purposes of an Earth with so many outlets and entrances!

Only a superhuman God, as world creator, could answer our inquiries, and then only in fragments.

Sooner or later we all become wanderers and pay just homage to the Creator of all. The more I wander, far and wide, the more I wonder at the endless secrets yet to be revealed.

The greatest job yet to be done is for our world leaders to establish an imperishable peace through all nations and all peoples.

There is still room for a great Earth with neighbors just around the corner! Why should all the previous resources of a great world be sacrificed for greed and gross selfishness? There is happiness aplenty for all!

Tomorrow Mr. Adams will talk on the subject: "Keep Digging"

COMPLEXITIES OF LIFE

Life use to be a simple thing; Most anyone could live it And very little studying Was he obliged to give it. But nowadays he has to be A scientific man, And know a lot of things or he Will be an also-ran.

And always there is something new, Some complicated thing That has a certain work to do, And does it with a spring. The vacuum cleaner all apart I've often had to take, Until I know the thing by heart And how to mend a break.

But now I'm up against it quite; For help I have to call, I studied over it last night And took it from the wall; I looked its "innards" through and through, But still it floored me flat, For nothing I could think to do Would fix that thermostat. IKE'S PAPERS, LIBRARY TO BE HANDED TO GSA

By DOUGLAS B. CORNELL
AUGUSTA, Ga. (AP) — President Eisenhower's papers and a library to hold them are being given to the government for the use of students and historians.

The three-million-dollar library of Kansas limestone is under construction in Abilene, Kan., Eisenhower's boyhood home.

The building and millions of the President's private and official documents are expected to be turned over to the government when Eisenhower's term in the White House ends Jan. 20.

This was the word from Franklin Floete, head of the General Services Administration, which operates federal buildings.

GET 5 MONTHS
LEASE ON LIFE

TRENTON, N.J. (AP) — Three men who faced execution Tuesday night can expect at least five months of life in the death house at state prison.

An automatic stay of execution spared them when they were nine hours away from death in the electric chair.

An appeal from the denial of a new trial by Judge Edward V. Martino of Camden County likely will not be heard until September. That was the estimation of Supreme Court Clerk John Gildea.

Then it will take several weeks to decide the appeal. Even if it is turned down, the trial judge must set a new date—and such dates are set far ahead of actual execution time.

Lawyers for the three men—Sylvester Johnson, 24, Stanley Cassidy, 28, and Wayne Godfrey, 30—gave a certified copy of notice of appeal to State Prison Warden George Goodman.

Stop Triple Execution
Goodman said he considered that sufficient authority to stop the triple execution. The official executioner was already en route from out of state. Goodman sent cancellation telegrams to the official execution witnesses and the executioner went back home.

Johnson, Cassidy and Godfrey were convicted of killing Edward Davis, a Camden toy shop owner, during a holdup attempt on Jan. 24, 1958.

Attorneys Edward Kent of Levittown and Ervan Kushner of Paterson read of the case and volunteered their help only 48 hours before the execution was scheduled. Gov. Robert B. Meyner had denied a clemency plea two weeks ago.

Kent and Kushner went before Martino, the original trial judge, at Camden.

Victim, Narcotics Dealer
Kushner said he had affidavits from the condemned men asserting that their victim was a narcotics dealer. Kushner said Johnson, the man who actually shot Davis, was an admitted narcotics user and seller.

The attorney said Johnson, Cassidy and Godfrey had gone to get some money from Davis the night of the slaying.

Martino said he could see no new evidence. Kent and Kushner then filed their notice of appeal and returned to Trenton to serve it on the warden a little after 1 p.m.

CARDS BEAT CUBS 5 TO 2

By JIM VAN VALKENBURG
Associated Press Sports Writer
ST. LOUIS (AP) — Wilmer (Vinegar Bend) Mizell may be Alabama's answer to Will Rogers and Herb Shriner on the banquet trail, but Wilmer doesn't crack jokes when it's his turn to pitch.

"He's deadly serious out on the mound and in the dugout," said St. Louis Cardinal Manager Solly Hemus. "He doesn't say a word — he just studies the game."

"He feels the ball game is on his shoulders and he goes about it like a professional."

The 6-foot-3 left-hander from the hamlet of Vinegar Bend, Ala., did a job on the Chicago Cubs Tuesday night. He allowed seven hits and struck out 10 in a 5-2 victory that was the Cardinals' first of the season.

"I think I had about as good stuff out there as I've ever had in my life," Wilmer drawled.

"My fast ball was good, so was my curve and change-up — except that one (Ernie) Banks parked."

Banks drove in both Chicago runs with a single and homer.

Eisenhower Foundation, will handle the matter until it is turned over to the GSA.

The President is following the example of his two predecessors. The papers and library of the late President Franklin D. Roosevelt at Hyde Park, N.Y., already belong to the government. Those of former President Harry S. Truman at Independence, Mo., were turned over to the government in 1957.

Eisenhower is nearing the end of a 10-day let-up in official cares and pressures and a heavy concentration on golf at Augusta National Golf Club. He may return to Washington Thursday.

Derby Favorite Will Run Friday

LEXINGTON, Ky. (AP) — Tompion, the future book choice for Kentucky Derby laurels, probably will get his first test on Kentucky soil Friday against some of the class he'll meet at Churchill Downs.

The Tom Fool colt is figured to lead a classy field in the Fore-runner Purse at Keeneland, an event that is contested for only \$7,500, but usually draws top derby hopefuls.

Tompion is figured as the top horse in the seven furlong dash but hasn't scared off other derby threats.

Other probable starters include T. A. Grissom's Lurullah, R. C. Nauman's El Zag, Mrs. Adele Rand's Bourbon Prince, Calumet Farm's Hillsborough, Windfield Farm's Victoria Park and Harry Guggenheim's All Hands.

SENATOR CASE RENOMINATED AND DAVIS WINS

By THE ASSOCIATED PRESS

Sen. Clifford P. Case (R-NJ) easily weathered a conservative challenge to his renomination and ballad-singer Jimmie Davis won the Louisiana governorship handily in Tuesday's elections.

Case will face Democrat Thorn Lord, Mercer County (Trenton) Democratic chairman in New Jersey's Senate election in November.

Case's margin of victory over Robert Morris, former chief counsel for the Senate Internal Security subcommittee, surpassed 100,000 votes. But Morris declined to say if he would support Case in the November election despite a plea for unity from Sen. Thruston B. Morton (R-Ky), the Republican national chairman.

Fought On Principles
"We fought this campaign on principles," Morris said after conceding defeat. "We lost. We're going to keep on fighting for the same principles."

It was Morris' second unsuccessful attempt to win a New Jersey Republican senatorial nomination. He finished third in a three-way race in 1958 but got strong conservative backing in his campaign against Case.

Lord, as expected, won a lopsided victory over Richard M. Glassner, a Newark, N.J., attorney seeking election to his first public office.

In Louisiana, Davis smothered three opponents including Republican Francis Grevenberg. He will succeed Earl K. Long as governor.

Loses 4 To 1

Although Grevenberg made the best showing for a Republican in years in Louisiana, he was outpolled by Davis by a better than 4 to 1 margin. State Rights color-bearer Court Courtney, a New Orleans publisher, and write-in candidate Maurice W. M. E. Clark, a poet-philosopher from New Orleans, ran far behind.

Davis was governor between 1944 and 1948.

Sen. John F. Kennedy (D-Mass.) accepted a challenge for a face-to-face debate with Sen. Hubert H. Humphrey (D-Minn.). Both are entered in West Virginia's May 10 presidential preferential primary.

Humphrey expressed delight that Kennedy has accepted the challenge.

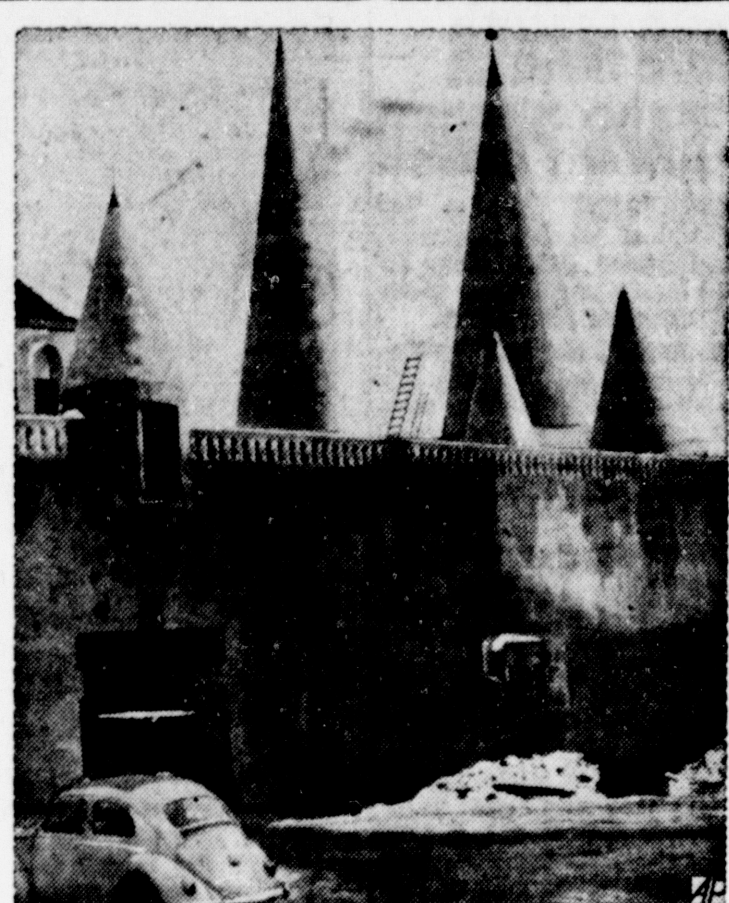

"Healthy Discussion"
"It will be, I am sure, a healthy discussion of the principal issues of the campaign, serving to inform the people, to develop programs and policies, to strengthen the Democratic party and to strengthen our country," Humphrey said.

Kennedy's Washington office said the senator will discuss religion and politics in a speech before the American Society of Newspaper Editors in Washington Thursday.

Kennedy, a Roman Catholic, earlier this week changed strategy in his campaign by opening up the religious issue in his West Virginia speeches.

On the Republican side, Gov. Nelson A. Rockefeller of New York goes to north-central Pennsylvania today for what he said is a personal visit to boost a college roommate's campaign for Congress.

Williams Grove To Try Again Sunday

WILLIAMS GROVE, Pa. — The rain-delayed opening of the Williams Grove Speedway for the 1960 season will come this Sunday afternoon, April 24, with a nine-event card of motorcycle races sanctioned by the American Motorcycle Assn.

Roy Richwine's half-mile oval was originally scheduled to open on Sunday, April 3, with U.S. Auto Club sanctioned big car races.

Due to the wash-out of the big car card earlier this month, the honor of opening the track for the season goes by default to the motor bikes. The sprint cars are not slated on the present schedule for their appearance here until Saturday night, June 18.

HEARST LAUDS PENNA. TRAFFIC SAFETY MOVES

By HERB LINNEN

HARRISBURG (AP) — Newspaper publisher William Randolph Hearst Jr. and Gov. David L. Lawrence today urged an intensified attack from all quarters to eliminate carelessness on highways.

In an address prepared for the first annual Governor's Traffic Safety Conference, Hearst called for "strict but just laws" to enforce safer driving on the nation's highways.

Hearst, chairman of President Eisenhower's Committee for Traffic Safety, added such legislation "is no violation of rights . . . any more than it is a violation of rights to enforce laws against assault, murder, or any other crime that leaves its victims wounded or dead."

Praises State
Hearst praised Pennsylvania for its 13-point traffic safety program aimed at reducing highway deaths. He said "if the execution is equal to the conception (it) can contribute importantly to the reduction of traffic deaths and injuries here."

The newspaper publisher expressed hope that the Pennsylvania Legislature "sees fit to enact the various provisions (of the program) into law as soon as possible." He added:

"It has always pained me to see traffic safety become a political football. If there is any issue that must be non-partisan, traffic safety is it."

Moved Against Apathy
Lawrence said in a prepared speech time has come "to abridge the freedom to kill" on Pennsylvania's highways.

He said his administration faced a major problem in drafting the 13-point program.

"In striking out against carelessness on the highways, we had to move against an underlying apathy—the resigned feeling that nothing effective could be done to cut down highway carnage," he declared.

He spoke before some 1,800 community leaders and law enforcement officers assembled to hear nationally known experts in the field tell how best to carry out his safety program.

Nab 3 Cops In Protection Case

PHILADELPHIA (AP) — Three policemen were arrested today charged with taking protection money from an alleged north Philadelphia number writer. Seven others accused of sharing in the payoff were suspended.

Those arrested on charges of extortion and conspiracy were Edward J. O'Kinsky, 30; Walter Szczepaniak, 29; and William Cook, 25.

Frank Rizzo, acting chief inspector, said a warrant will be issued for John Williams, 63, who runs a grocery and candy store. Rizzo said Williams denied that he is a numbers writer and that he paid the policemen any money.

Rizzo said, however, that Williams has a record of eight arrests on numbers charges and will be accused of bribery, conspiracy, corrupt solicitation and operating a lottery.

Rebels Take Venezuelan Regiment's Headquarters; Military Backs President

By ARISTEDES MOLEON

CARACAS, Venezuela (AP) — Rebels seized control of an army regiment's headquarters at San Cristobal near the Colombian border today in an attempt to set off nationwide revolt against President Romulo Betancourt's government.

Betancourt ordered soldiers to San Cristobal to quell the uprising, and pledges of support came to him at once from military, political and civilian sources.

The moderate Venezuelan President announced he would use all constitutional powers to crush the rebellion, but would not suspend constitutional guarantees in this oil-rich nation.

The strong military garrison at Caracas announced its support at once for Betancourt's government.

Back President

Leaders of the nation's three major political parties spoke over a national radio network, appealing to their followers in San Cristobal to vigorously oppose the insurrection.

PRINCESS WILL LIVE RENT FREE

LONDON (AP) — Princess Margaret and Antony Armstrong-Jones are going to live rent free at London's Kensington Palace, birthplace of Queen Victoria.

Buckingham Palace today announced Queen Elizabeth II is furnishing the couple "grace and favor" quarters at the three-story, 18th century mansion hard by what is known as millionaires' row.

"Grace and favor" residences are owned by the Crown and supplied rent free to relatives and selected faithful subjects.

Nobody is being dispossessed to give the princess and the man she marries May 6 a home. They will get the quarters last occupied by the marquess of Carisbrooke, who died Feb. 23. He was Victoria's last surviving grandson.

MEXICO CITY (AP) — Clemente Rivera Zamora returned home Tuesday six days after his family held his funeral.

To the family's screams, he explained he had lost his memory after a holdup man hit him over the head.

Another body, from an accident, had been identified as his. That's the one the family buried, and they still owe \$48 for the funeral.

DURBAN, South Africa (AP) — Anti-Jewish leaflets were pasted on the doors and windows of Durban shops Tuesday night.

The rebels seized control of the Simon Bolivar army regiment's headquarters at San Cristobal.

Gen. Pedro Jose Quevedo, commander of the Venezuelan armed forces, urged "my companions in arms to set an example of common sense and maturity" and support the constitutional government.

The head of the Central Workers' Organization, Jose Gonzalez Navarro, called for its 1,200,000 members to go on strike. He said this would be a demonstration of opposition to the "criminal" insurrection which, he declared, was counting on the support of the Dominican Republic.

Had Smashed Plot

The government had announced last Saturday that it had smashed a plot for an armed invasion of Venezuela from Colombia by officers who were dismissed from the army for their support of former dictator Gen. Marcos Perez Jimenez.

SUGGEST IKE SKIP KOREA

By ERNEST B. VACCARO
WASHINGTON, AP — Two members of the Senate Foreign Relations Committee proposed today President Eisenhower reconsider his plan to visit Korea as a major protest against "repressive measures" of Syngman Rhee's government.

A third Sen. Hubert H. Humphrey, D-Minn., disagreed. "I think it is a good time for the President to speak up, on the spot, for the political rights of the Korean people, and I hope he will do so," Humphrey said.

There has been no indication of a change in Eisenhower's plans to visit Korea June 22 near the end of his scheduled trip to the Soviet Union and Japan.

Sen. George D. Aiken, R-Vt., and Mike Mansfield, D-Mont., joined Humphrey in opposing Eisenhower's action by Secretary of State Dean Rusk. The South Korean government, with adopting "repressive measures" against a free democracy.

Rhee Pledges

(Continued From Page 1)
running mate, Li Kiang-poo, defeated vice president John M. Chang, both by overwhelming votes. The demonstrators charge that Rhee's Liberal party rigged the elections and also accuse the police of brutality against election day demonstrators.

Support From U.S.
The demonstrators drew surprise support Tuesday from U.S. Secretary of State Christian A. Herter, who charged that Rhee's government had adopted "repressive measures unsuited to a free democracy." He called on the government to protect democratic rights. Many Koreans interpreted the statement as a call for new elections.

Rhee's statement appeared a move toward meeting the complaints, but its full meaning remained to be determined. The statement was read to newsmen by a spokesman, and the president himself did not appear.

"Display Patriotism"

The statement called on the South Korean people to "display their patriotism and follow the instruction of responsible authorities."

"The first task is full restoration of law and order — so that necessity for martial law no longer exists," Rhee declared. While promising redress of major grievances, the President gave no indication of what the government would do to meet its critics.

Rhee's Cabinet met throughout the day, discussing the situation and Herter's censure. Tanks and armed combat troops guarded the Cabinet building and other major public buildings.

Buildings still smoked from fires set by Tuesday's rampaging mob.

Leaders of Rhee's Liberal party, the opposition Democrats and independents tentatively decided to reconvene the National Assembly Friday to discuss the crisis.

GHS Handed 7-0 Setback By Trojans; Waynesboro Plays Here On Thursday

Gettysburg High suffered its first loss after two victories when it was blanked 7-0 by undefeated Chambersburg here Tuesday afternoon in a South Penn Baseball League game. The victory was the sixth straight for the Trojans.

The Warriors were held to but two singles, the first by Terry Fox in the fourth inning off Joe Schellhase, who pitched the first five frames for Chambersburg, and the other by Bob Furney in the seventh off George Keim.

Chambersburg wrapped up the outcome in the second inning when they drove Wayne Fissel, Warrior starter, from the mound during a five-run barrage.

With one out Jack Mull was hit by a pitched ball, Denny Shatzler doubled and Ed Kirby walked. Singles by Jay Overcash and Mike Tolbert and a triple by Terry West finished off the rally.

The Trojans tallied their final pair of runs in the top of the sixth. Overcash walked and stole second base. Schellhase drove him home with a single. An out, and single by West, plus a passed ball, enabled Schellhase to scamper home.

Waynesboro will come here for another league game Thursday afternoon, the game starting at 4 o'clock.

SPRINGFIELD TAKES LEAD IN PLAYOFFS

ROCHESTER, N.Y. (AP)—The Springfield Indians today stood on the threshold of their first American Hockey League championship in 17 years.

The Indians, who won the regular season race, took a 3-1 lead in the best-of-7 Calder Cup title series Tuesday night by edging the Rochester Red Wings 3-2.

The Indians can wrap it up Friday night on their home ice.

"It's all over Friday," said Coach Pat Egan of Springfield. "We'll sew it up in Springfield. We haven't played two bad games in a row this season."

All Springfield's goals were crammed into 2 minutes and 4 seconds of the first period. Marcel Paille was a tower of strength in the winners' net. During the second period, he batted out seven shots made from point blank range.

Wild Third Period
Then late in the wild third period, with the Americans trying desperately to tie the count, he stopped shots from all directions.

Until 10:39 of the opening period, neither team could make it. But Billy McCreary broke the ice, and was followed by Bruce Cline at 11:21 and Parker MacDonald at 12:43. That finished the Indians' offensive.

The Amerks got one goal back at 7:55 of the second period when Hank Ciesla scored. Stan Smrke collected his seventh playoff goal at 10:39 of the final period.

Rochester Coach Steve Kraft checked asserted: "We got outstretched in our own end. They wanted the puck more than we did. But we'll be back home Saturday. The series isn't over yet."

LOS ANGELES IN NL LEAD; CARDINALS WIN

By ED WILKS
The world champion Los Angeles Dodgers are all alone in first place after their first-run-in with the San Francisco Giants, but the guys with the smiles in the National League are the St. Louis Cardinals.

They finally won one. The winningest clubs of the exhibition season (18-6), the Cards discovered all sorts of ways to lose in their first five regular season games. But Tuesday night, with injured Joe Cunningham back and Stan Musial slugging a two-run double, the Cards broke through for a 5-2 victory over the Chicago Cubs.

The Dodgers toppled the Giants out of a share of the lead with a 4-0 decision at San Francisco as Johnny Podres and Ed Roebuck combined for a five-hit shutout. And the Philadelphia Phillies won their first under new Manager Gene Mauch, beating Pittsburgh 4-3 behind Jim Owens' three-hitter in the only other game scheduled.

The American League completed its late opening as the Chicago White Sox out-slugged Kansas City 10-9 on a pair of homers by Minnie Minoso, Detroit beat Cleveland 4-2 in 15 innings although Rocky Colavito was hitless, New York smacked Boston 8-4 and Baltimore defeated Washington 3-2.

Southpaw Wilmer (Vinegar Bend) Mizell, battered in his first start a week ago in a 6-1 loss to the Giants, struck out 10 and gave up seven hits while becoming the Cards' first winner. He needed Lindy McDaniel's relief help in the ninth, but had a three-run lead after Bill White hit his first home run of the year in the eighth.

Nine Strikeouts For Owens
Los Angeles got the run it needed in the second on Carl Furillo's triple and a sacrifice fly by rookie Tommy Davis against Billy O'Dell (0-2), a loser in his first NL start. The Dodgers added three more in the ninth against Billy Loe and Stu Miller on John Roseboro's two-run triple and two of the Giants' five errors.

Owens, slapped with a \$600 fine for playing too hard off the field during spring training, was all business in his first appearance for the Phils. An error, Dick Groat's single and Bob Skinner's home run gave the Bucs their three in the third. The only other hit Owens allowed was Bob Clemente's single in the sixth. The young right-hander walked but two, struck out nine for his first major league three-hitter.

Biglerville notched its first baseball victory after three losses by defeating Waynesboro 5-3 in a South Penn League game at Waynesboro on Tuesday.

Dick Allison's outfit got off to a good start with two runs in the second inning. John Singley was safe on an error but was out on a fielder's choice but by Ted Orner. Randy Snyder singled and goth scored on Howard Vines double.

Biglerville iced the game with a pair of runs in the top of the final inning. Vines played a fine defensive game for the Canners with several nice catches in right field.

Biglerville will play at Boiling Springs on Thursday.

MARIS AT HOME IN RIGHT FIELD FOR YANKEES

BOSTON (AP)—"Why, playing right field is like going home," said New York's Roger Maris. The Yankee outfielder has worked out in spacious left field in Yankee Stadium this spring, but was shifted to right—his old position at Kansas City—for New York's 1960 inaugural at Boston Tuesday.

Maris certainly appeared to be at home.

Drove In Four
He crashed four hits, including two homers and a double, and drove in four runs in the Yankees' 8-4 conquest of the Red Sox before a crowd of 35,162.

The home runs each traveled more than 400 feet, clearing the bullpen in right field and sailing into the crowd.

"No, I wasn't trying to power the ball," the stocky outfielder said after his first official game in a Yankee uniform. "I was just trying to meet the ball. And I think playing in right field gave me a little more confidence, too."

Ted Had Homer
Maris came to the Yankees in an off-season trade that sent Hank Bauer and Norm Siebern to the A's. The power-hitter was installed in left field. In Boston, however, right field is the big area, and Manager Casey Stengel moved him to right in a defensive move.

It paid off. Maris twice went back to the barrier to pull down home run bids by Gene Stephens. But he couldn't handle one by Ted Williams. The aging slugger lined a shot just over the fence into the crowd with the bases empty in the eighth inning.

"I wasn't tired," Podres said.

Podres had a three-hit shutout going into the ninth and wound up allowing the Giants the same number of hits as they had errors—five.

After Willie Mays and Orlando Cepeda singled and Willie Kirkland walked, Roebuck relieved and got Eddie Bressoud to hit into a game-ending double play.

CHISOX WIN OVER A'S IN OPENER; TRIBE LOSES IN 15

By ED WILKS
Associated Press Sports Writer
The first showdown in the Rocky Colavito-Harvey Kuenn swap was a flop, but another off-season trade pulled by Cleveland's Frank Lane paid a quick return—for the Chicago White Sox.

Minnie Minoso, the outfielder who has spent his major league career shifting between Cleveland and Chicago, drove in six runs, walloped a grand-slam and broke a ninth-inning tie with a second homer as the White Sox opened defense of the American League flag by beating Kansas City 10-9 Tuesday.

Colavito, the Cleveland favorite traded to Detroit Sunday for Kuenn, was 0-for-6, and Kuenn pulled a leg muscle as the Tigers defeated the Indians 4-2 in 15 innings. The New York Yankees, gunning for a come-back, ripped Boston 8-4, and Baltimore ended Washington's stay in first place after 24 hours with a 3-2 victory over the Senators as the AL completed its late season opening.

52,756 At Cleveland
The AL drew 162,326 for Tuesday's games and the largest crowd, 52,756, showed up at Cleveland, where Injun fans turned out to see what the Golden Boy would do to the Indians in a Tiger uniform. Colavito, who shared last year's homer title in the AL with 42, struck out four times and hit into a doubleplay.

Kuenn, the 1959 AL bat champ (.353), was 2-for-7, but didn't figure in the scoring. He was injured on a fielding play, then suffered further damage running to first and chasing a fly. He'll miss today's game and maybe more.

Detroit finally put it away on Al Kaline's two-run single off Bobby Tiefenauer, the Tribe's fifth pitcher. Jim Grant, No. 3 in the procession, was the loser after starter Gary Bell and the Tigers' Frank Lary had carried a shutout lead through 10 innings. Both clubs scored in the 11th on two-run pinch singles—Niel Christley delivering for Detroit and Jim Piersall for the Indians. Pete Burnside won it in relief.

Minoso Wins Game
Minoso, returned to the White Sox in a seven-player deal that sent third baseman Bubba Phillips (0-for-3) and catcher Johnny Romano (1-for-1) to Cleveland, broke it up for the White Sox on a 3-1 pitch by reliever John Tsitouris of the A's. Kansas City had tied it with two in the ninth, one on Norm Siebern's home run, and would have had more except for Minoso's peg from left that nailed Dick Williams at the plate. Winning reliever Ray Moore then ended the rally with one pitch—getting Bill Tuttle on a double play.

A record Comiskey Park opening day crowd, 41,661, saw the Sox build a 5-0 lead, all unearned, in two innings against Bud Daley. But veteran Early Wynn, beginning his 20th season, was chased in a three-run fifth opened by Whitey Herzog's pinch-hit homer.

Pair For Maris
Roger Maris, obtained from Kansas City as part of the Siebern deal, hit a pair of homers and drove in four runs for the Yankees before 35,162 at Boston. Right-hander Jim Coates went all the way for the victory, giving up nine hits—one Ted Williams' 494th home run, his second of the season and breaking a tie with Lou Gehrig for fourth place on the all-time list. Tom Brewer was the loser, giving up 11 of the Yanks' 17 hits.

A seventh-inning double by Gene Woodling broke a 2-2 tie for the Orioles, who drew 32,747. Jack Fisher won it with 3 1-3 innings of three-hit shutout relief. Pete Ramos, tagged for Brooks Robinson's two-run homer, was the loser.

Beats Giants Fourth Time
By ALAN CLINE

SAN FRANCISCO (AP)—Johnny Podres and the Los Angeles Dodgers continue to hex the San Francisco Giants despite the Giants' new ball park and a couple of new pitchers.

Podres faced the Giants three times and beat them three times in Little Seals Stadium last season. Tuesday, he whipped them—with ninth inning help from Ed Roebuck—4-0 in spacious Candlestick Park.

The victory, sixth Dodger triumph in a row over the Giants, put the world champions in first place in the National League, breaking a tie with San Francisco.

"Just Dried Out"
Podres had a three-hit shutout going into the ninth and wound up allowing the Giants the same number of hits as they had errors—five.

After Willie Mays and Orlando Cepeda singled and Willie Kirkland walked, Roebuck relieved and got Eddie Bressoud to hit into a game-ending double play.

"I wasn't tired," Podres said.

Littletown and Bermudian got off to good starts in the Adams County League by registering victories Tuesday.

Unbeaten Littletown, racking up its fourth straight victory, took an 8-1 decision at Fairfield as Gary Worley limited Fairfield, making its first start, to three hits. Dick Bankert enjoyed a perfect day at bat for the Thunderbolts with three singles and a double.

Bermudian nipped New Oxford 1-0 on an unearned run in the top of the second inning. The lone run resulted with Craig Hoke singled, streaked to third base on an infield error and continued on home on a wild throw to third base.

New Oxford threatened in the sixth. With one out Gary Smith and Bernie Wentz singled and Gordon Wentz walked. On a squeeze play at the plate Smith went while Steve Naylor fanned to halt the rally.

\$100,000 For Fullmer
Fullmer collects all the \$100,000 TV payoff and Giardello, veteran of 106 fights since 1948, pockets \$25,000 plus \$3,000 expenses.

Fullmer, renowned for his superb physical condition, said "I figure Giardello will be coming out fast in the opening rounds, but I always go into the ring expecting trouble."

The 28-year-old champion from West Jordan, Utah, is among those who think the fight could go the distance.

Fullmer is a 13-to-5 favorite. He has a 51-4 record with 22 kayos and was knocked out only by Sugar Ray Robinson in 1957.

Giardello, ranked No. 7 by the NBA and No. 5 by Ring magazine, boasted of winning and claimed he is in better shape than he has been for several years.

The 29-year-old ring warrior's record is 83-17, with one no-decision. He has knocked out 30 opponents and has been counted out three times.

Fullmer, who won the NBA title by knocking out Carmen Basilio at San Francisco last Aug. 28 in the 14th round, won his first defense of the title last Dec. 4 with a decision over Spider Webb.

NEW ORLEANS (AP)—The tournament may lack some luster with golf's top two money winners absent, but there will not be any shortage of talent when the \$27,000 Greater New Orleans Open starts Thursday.

Masters champion Arnold Palmer begged off because of television commitments, due to his triumph in the Augusta, Ga., tournament two weeks ago.

Ken Venturi, the slender California stylist who lost the Masters by one stroke, also will be among those missing. He trails only Palmer in money won.

Delone won its first baseball game of the campaign following two reverses by topping its arch rival, Hanover, 3-1, at McSherrystown, Tuesday afternoon.

Each team secured but three hits. Bill Solomon, Delone moundsman, fanned eight and walked but one in hurling the entire way.

Delone broke a 1-1 deadlock with two runs in the last of the third. Bernie Stuller doubled and later scored on an error. The other run resulted when Fred Murren was safe at home on a double steal.

The Squires' next game is with Gettysburg here on April 28.

GIARDELLO IN TITLE BATTLE THIS EVENING

By FRANK PITMAN
Associated Press Sports Writer
BOZEMAN, Mont. (AP)—Joey Giardello, getting his first title shot in 12 years' campaigning, guns for the National Boxing Assn. world middleweight championship tonight against rugged Gene Fullmer, defending his crown for the second time.

The 13,200-seat fieldhouse on the mountain-rimmed campus of Montana State College is nearly sold out for the nationally televised (ABC-TV, 10 EST) 15-round match.

The expected box-office gate of more than \$100,000, with \$20 tops, and TV receipts of \$100,000 guaranteed monetary success for Montana's first championship bout since Jack Dempsey and Tommy Gibbons battled in a 1923 financial flop.

Fullmer, renowned for his superb physical condition, said "I figure Giardello will be coming out fast in the opening rounds, but I always go into the ring expecting trouble."

The 28-year-old champion from West Jordan, Utah, is among those who think the fight could go the distance.

WADSWORTH TO TALK IN SECRET

WASHINGTON (AP) — Ambassador James J. Wadsworth agreed today to meet with the Senate Atomic Energy Committee in closed session to report on the Geneva nuclear test ban negotiations.

Rep. Chet Holifield (D-Calif.), presiding at committee hearings on problems involved in any test ban, announced Wadsworth had accepted an invitation to appear.

Holifield said the session would be secret because of the delicate stage of the Geneva talks.

Sen. Albert M. Gore (D-Tenn.) who asked that Wadsworth be invited, told a reporter he was agreeable to a closed session although he would have preferred it to be public.

Gore accused Wadsworth of joining with the Soviet delegation last month in a joint statement which "misled the American people" into thinking the Soviets had fully accepted U. S. test ban proposals.

The ambassador arrived Tuesday from Geneva for a brief period of consultations here.

URGES CHANGE IN MILK PRICE

PHILADELPHIA (AP) — Atty. Gen. Anne K. Alpern in an unprecedented appearance before the Pennsylvania Milk Control Commission today urged maximum as well as minimum prices on milk. She asked also that consumers be permitted to buy gallon jugs of milk at substantial savings over smaller quantities.

In Pennsylvania the commission sets only minimum prices—below which no dealer can sell. However, he can charge more than the minimum price since there is no maximum.

Miss Alpern noted that "the price of milk in the state has been steadily upward and we feel that the consumer must get a better break." She said that in the Philadelphia area, whose prices are the subject of this hearing, approximately a quarter of all the milk sold—over 200 million quarts a year—is priced above the minimum.

The minimum price in a store is 23½ cents a quart, 25 cents delivered at home.

Concerning gallon containers, Miss Alpern said: "The utilization of a quart as a measuring yard is no longer realistic. We should be thinking in terms of gallons and half gallons."

New Driving Tests Begin October 1

HARRISBURG (AP) — Pennsylvania will begin physical examinations of its oldest group of drivers Oct. 1.

Starting date of the examinations, part of Gov. Lawrence's new highway safety program, was disclosed Tuesday by O. D. Shipley, highway safety commissioner.

In addition, new applicants for drivers' licenses will be required to take physical examinations after June 1, Shipley added.

The first physical examinations for licensed drivers includes some 200,000 persons licensed before 1924 when the state began testing driving ability.

building, teachers, etc. "The tourist business not only pays off in providing income for owners and employees of motels, gasoline stations and stores, it also adds greatly to the tax base.

Must Preserve Battlefield

"This area should seek to preserve the battlefield because it is custodian for the world of a great historic shrine. But if financial interests are to be considered rather than historic ones, then the people should be even more anxious to preserve its battlefield.

"The preservation association is seeking funds to purchase land needed to make sure our battlefield remains as it is. Whether it will succeed is up to the public. Whatever funds it receives will be used to buy needed land. The association hopes that it will obtain enough to buy all that is needed. Whatever occurs, it will buy what it can.

"It truly believes that we cannot afford to take the chance on areas between Devil's Den and Big Round Top being sold off for development. It would like to purchase, if enough money can be raised, the county home land and Adams Realty land in the Barlow Knoll area and the area between the end of town and Oak Ridge, along the Mummansburg Rd.

Seek Other Land

"It would like also to purchase the Sherry farm area and a lot of little plots now undeveloped within the battlefield area proper. We hope we can succeed in buying it all. We will do what we can.

"And in preserving the battlefield we believe that Cumberland Twp. and Gettysburg will be aided financially. The tourist needs lodging, food, gasoline, recreation and museums to care for his well being and heighten his understanding and enjoyment of the national heritage here. If we succeed in buying the land future motels, homes, business places will be a few hundred yards from where they otherwise may have been located. But if the battlefield is made smaller, then it will be less of an attraction and a lot of the motels, museums, etc., that may come into existence if the battlefield is preserved will never exist."

The film "A story of Gettysburg" produced by the Gettysburg Travel Council and Chamber of Commerce was shown.

President Crosby N. Hartzell presided at the meeting at which the group voted to meet with the Hanover and York Exchange clubs May 3 at a point meeting in York.

The club took under advisement a proposal to purchase outdoor basketball backstops for the recreation field at a cost of \$200. Final decision will be made by the board of control.

The club agreed to furnish a meal for a group of foreign students at its July 12 meeting.

President Hartzell named Richard Shaffer, Alexis Chritzman, Robert Snyder and Donald Peters as the committee to arrange recreation for the outdoor meetings to be held during June, July and August.

NEW YORK (AP)—Little Stelakis Parthenopoulos continued toward full recovery today.

The 4-year-old Greek boy, brought to America for a delicate life-or-death heart operation Monday, was doing so well that doctors let him hold his first news conference Tuesday.

NEW YORK (AP) — America's labor chiefs plan a big political powwow to decide their course in the presidential campaign.

DRUG MAKER RAPS PROBER

WASHINGTON (AP) — The president of the Pharmaceutical Manufacturers Assn. today accused Senate investigators of unfairly attacking the industry.

Dr. Austin Smith said the Senate Antitrust and Monopoly subcommittee has been airing some misleading evidence and biased testimony designed to picture the industry as tainted by monopolistic practice.

In testimony prepared for the subcommittee, he called the charges baseless. A good deal of the testimony, he said, came from witnesses seemingly hostile to the pharmaceutical industry. He urged the senators to hear more from the industry side.

Smith resumed where he had left off last February when he denounced as false charges that big drug manufacturers have been profiteering in the sale of prescription medicines.

Actually, Smith said, there are 1,300 manufacturers of prescription medicines, and the number is growing. He said competition among them is keen.

NEHRU, CHOU TALK BUSINESS

NEW DELHI, India (AP) — Prime Minister Nehru and Red China's Chou En-lai got down to business today on their disputed Himalayan borders. The two met for the first of six days of talks amid general skepticism that the negotiations will provide much of an advance toward agreement.

Since his arrival Tuesday, Chou has appeared tense and a bit apprehensive about his reception in a country angered at what it considers Chinese aggression.

All of New Delhi's newspapers underlined the somber reception for the Chinese Premier on his arrival. Nehru himself set the tone with a declaration in his welcoming remarks that India's relations with Communist China "have been imperiled for the present and future."

After laying a wreath at the shrine of Mohandas K. Gandhi and a call on Indian President Rajendra Prasad, Chou came to Nehru's official residence for their first talk. They will meet twice a day through Monday.

The two leaders brought diametrically opposed views of the border question to the discussions. China claims the entire 2,500-mile border between the two countries is undefined and should be negotiated. India insists the border is well known on the basis of history, tradition and usage and needs only minor adjustments.

Inflation Hinges On Union Cooperation

PITTSBURGH (AP)—The possibility of future inflation depends in a large part on the co-operation of the United Steelworkers in improving production efficiency says R. Conrad Cooper, chief industry negotiator in last year's nationwide steel strike.

"If these efforts are successful, then the employees, the companies, the union and the country all will have won—otherwise some or all will have lost," Cooper told the McKeesport Management Assn. at nearby McKeesport Tuesday night.

Ask Bids For P.O. At Blue Ridge Summit

Blue Ridge Summit will get a new post office building, it was announced today by Postmaster J. K. Brown at Blue Ridge Summit.

The Post Office Department is asking bids to build and lease new post office facilities to replace existing facilities and to provide for expansion of postal service for the rapidly growing Blue Ridge Summit area.

Specifications call for a structure containing approximately 2-2 1/2 square feet with an outside loading platform and adequate space for parking and truck maneuvering.

The department will enter into a lease agreement with the successful bidder for 10 years with renewal options running up to 20 years. More than 3,300 new structures have been erected under similar arrangements in the past five years. In 1960, 1,400 new facilities are scheduled for completion and several hundred obsolete post offices are to be modernized and expanded.

The post office is presently located in the Mauer & Monitor building. There has been no announcement made of the new site.

BEGIN DEBATE ON BIG AID BILL

WASHINGTON (AP) — The House begins debate today on a bill setting a \$4,038,500,000 limit on the foreign aid program.

This represents a cut of 13½ million dollars from President Eisenhower's recommendations. However, deeper cuts are expected when the House later takes up legislation making the actual appropriations of funds.

The authorization bill which comes up today also cuts off aid to Cuba "unless the President determines that such assistance is in the national and hemispheric interest of the United States."

Only about \$300,000 in technical aid is involved, but the wording reflects congressional disapproval of the anti-U.S. pronouncements of Premier Fidel Castro's government.

WASHINGTON (AP) — The scheduled debate between Sen. John F. Kennedy and Hubert H. Humphrey in the West Virginia presidential primary should, in a sense, be a kind of beauty contest. But not quite.

The two senators are like a pair of salesmen from the same company (the Democratic party), with the same label on their suits—liberal, asking the customers to make a choice.

There isn't much to choose between their ideas on the kind of administration they say to country needs. They're pretty much the same. The choice to some extent would have to revolve more around personality than programs.

But the loser in the May 19 West Virginia primary will probably blame his loss on more than the way he parts his hair.

Refused Earlier Challenge

The two men tramped through Wisconsin where Kennedy refused Humphrey but refused a challenge to debate him. Kennedy explains, he thought "it would be harmful to the party and candidate."

Perhaps a much more persuasive factor in his thinking then was the belief he could win in Humphrey without going through a debate. The polls at the time indicated he was out in front. He won by more than 100,000 votes.

In West Virginia—where Kennedy seems to have tougher going than in Wisconsin—he says he accepted the second Humphrey debate challenge because of the attacks on him.

Get Close Look

The two men's views, because they are rather similar, may not be an important factor in swaying West Virginia voters. But the sight of the two men in action and close up will provide a chance to weigh their presidential hopes.

But even if the primary results force one of the other to give up his presidential hopes, the loser is apt to place the blame on something besides the debate.

Kennedy as a loser might feel, for instance, that his Catholicism, which didn't keep him from winning in Wisconsin where 90 percent of the people are Catholic, was what killed him in West Virginia where the Catholics are only 3 percent.

Must Stop Kennedy

Or, he might explain a defeat by reasoning he was ganged-up on—that the backers of three other presidential hopefuls—Adlai E. Stevenson and Sen. Stuart Symington and Lyndon B. Johnson—teamed up to help Humphrey win in order to knock Kennedy out of the race altogether.

This would have to be based on a theory that Humphrey has no chance at the Democratic convention to get the nomination and that Kennedy, unless stopped soon, might be unstoppable.

Humphrey,

Mother's Day, Dad's Day And Vacation Buying Lie Ahead As Business Booms

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Most merchants have turned the corner nicely. In most areas Easter sales have brought the year's retail volume ahead of 1959. Whatever lagging there was in March seems to have melted with the snows.

And ahead are three storekeepers' special delights: Helping America in the next three weeks get ready to do right by Mother on May 8, and a month later show some, if more restrained, eagerness to spruce up Dad for his day, and on the heels of that the golden chance to sell the whole family outfits for vacation.

These include not only clothing, but all the accessories of fun time in America — boats and fishing tackle and even bedrolls for those in whom the pioneer spirit is revived as soon as the leaves pop out on the trees.

Frenzy Of Spending
How much of this fine frenzy of spending will work back in the form of new orders or reorders for the manufacture of clothing and gadgets is yet to be seen.

A hand-to-mouth inventory policy has spread this year. And this makes a revived spurt in industrial output unlikely in the next few weeks.

But few merchants today are crying about shelves overstocked with the finery that habitually sells only when the Easter bunny

steps closely in the tracks of the first robin.

The consumer is the rightful study of all merchants, and of the manufacturers who supply them. But his spending shyness seems to have been linked pretty closely to the weather in most areas. The total of his spending is quite high, although his wants and tastes this year seems to bypass one of the old tandbys.

Sales Are Higher
Even in the vicious month of March department store sales, adjusted to this year's later Easter, came out 3 per cent higher than a year ago.

The cautious shake their heads over reading too much into this year's Easter retail volume. They ask: How about spending power if steel production is cut back further, as seems likely? And what if the recent spurt in auto buying was simply a boon to dealers with large stocks on hand, and proves to be little inspiration to the auto makers to return to greater put.

And what if business does go through with all the plans for building new plants or enlarging old ones, or in modernizing the equipment? The reported intentions would make 1960 a banner year. That, and the steady buying by consumers, are counted upon to make the industrial slowdown of the last two months look like a mere bubble in an otherwise prosperous year.

WASHINGTON (AP) — If the Red Chinese leaders talked to one another in private conversation the way they talk to one another in print, there'd be nothing to worry about. They'd bore themselves to death.

Actually, they're talking out of both sides of their mouths.

Communist China's Premier, Chou En-lai is on a goodwill tour of Southern Asia at a time when Red Flag, the theoretical journal of his party's Central Committee, is preaching civil war in non-Communist countries.

Chou's journey is a fence-mending expedition. Red China's southern neighbors were disillusioned, revolted and frightened by her brutal crushing and occupation of Tibet.

Second-rate Jargon
The opening sentence of a piece in a recent issue of Red Flag set the tone for one of the finest collections of second-rate Communist jargon outside a library: "Lenin taught us that in the era of imperialism, the system of imperialism is the source of war."

From that premise Red Flag went on to argue that since imperialism means war, the United States is bent on war, big and small, because the United States is imperialistic.

It is a lengthy and almost incredible array of Marxist clichés, the kind the Soviets worked to death when the Russian revolution was still fairly new. Premier Nikita Khrushchev reversed this, offering molasses instead of vinegar.

Veteran Revolutionary
After all, Khrushchev had been a revolutionary more than 40 years. For him the revolution was settling down. By contrast the Red Chinese sound as primitive as the early Bolsheviks.

But Red Flag's growling—when repeated by the leadership in newspapers and over the radio but in simpler language—conditions the Chinese masses for war when the leadership pulls the trigger.

It keeps alive the idea of war by communism to prevent the kind of war Red Flag says the "imperialists" want. But it does more than that. It encourages civil war among the non-Communist countries.

Backhand Rebuke
In this Red Flag — and thus the Red Chinese leaders — seems to be giving Khrushchev a backhanded rebuke for failing to be as belligerent as the Chinese leaders think he should be.

It said: "To repudiate civil war, or to forget about it, would mean sinking into extreme opportunism and renouncing the Socialist revolution."

When Khrushchev visited Red China last September — after

Say Pair Bilked Latrobe Doctor

GREENSBURG, Pa. (AP) — State police have placed detainees against two men in connection with the alleged \$82,000 bilking of a Latrobe doctor in a horse betting scheme.

Police said Tuesday the two are Adam Bagdasian of Silver Spring, Md., and Herman Wilensky of Miami Beach, Fla. Both are in a Rockville Md. jail awaiting trial on narcotics and horse betting charges, police said.

According to Dr. Jack Hammill, three men bilked him out of \$82,000 last year in a scheme to make a financial killing on horse races.

Another man, Frank Jones, was arrested last Nov. 14. He was freed on \$40,000 bond pending grand jury action in the case.

Elliott Talks About Pa. Taxes

SOMERSET, Pa. (AP) — Republicans in the Legislature created a more favorable tax climate for business in Pennsylvania after the administration of Gov. George Leader, says Sen. Douglas H. Elliott (R-Franklin).

"Part of Pennsylvania's present (unemployment) problem is the result of the unwise tax policies of the Leader administration," Elliott told the Somerset County Republican Committee Tuesday night. He added:

Elliott is running for Congress in a special election next Tuesday to fill the 18th District seat left vacant by the death of Republican Rep. Richard Simpson.

Pitt's Trimester System Successful

PITTSBURGH (AP) — The University of Pittsburgh's trimester system of education — the first of its kind among the nation's universities — appears to be a success.

So said Chancellor Edward Litchfield Tuesday in revealing that about 5,000 students enrolled for the spring trimester, the third 15-week term of the school year.

Dr. Litchfield said this number was twice what officials had expected and half the students eligible.

Classes for the third trimester began Tuesday.

Social Security

Q. I clean house for the woman next door every week. She pays me \$5 a week. Do I get social security credit for this work?

A. Yes, you do. So long as you are paid not less than \$50 in cash wages in a calendar quarter, credit is granted toward old-age, survivors and disability insurance benefits.

Q. How may I learn whether Mrs. Smith, for whom I used to do day work, reported my wages for social security purposes?

A. Notify the nearest social security district of your interest in knowing whether your wages were reported. That office will give you a form of postcard on which you may request a statement of the wages (and self-employment income, if any) credited to your account. From the statement which is mailed to you, you should be able readily to determine whether your wages have been reported by Mrs. Smith.

Q. My employer, for whom I baby-sit two or three times a week, states she has not collected any employment taxes from me because she does not know the procedure for collecting, reporting and remitting these taxes. How should she go about getting this information?

A. Your employer may write to her District Director of Internal Revenue asking for a federal employer identification number, report forms and instructions. Or she may, if she wishes, ask the nearest social security office for a pamphlet entitled "Do You Have A Maid?" This pamphlet contains a printed request to the district director for the necessary material.

Q. Must I work inside the house of my employer to be covered by the domestic service provisions of the Social Security Act?

A. It is not necessary that you

FLOOD, PARK PROGRAMS GET SHOT IN ARM

HARRISBURG (AP) — Pennsylvania's flood control and state park programs have been given a financial shot in the arm by a State Supreme Court decision on mineral rights, says the secretary of forests and waters.

Maurice K. Goddard said Tuesday the Commonwealth will reap a wealth of royalties from gas and oil production on state-owned land. This money is used in the flood control and park programs.

The decision by the Supreme Court Monday immediately enriched the state by \$1,167,678.

Tied Up Over Year
The money had been tied up since December 1958 in a legal fight over income from gas obtained on 3,500 acres of state forest land in Clearfield County.

The court's decision centered on work inside a house to be considered a domestic employee. Any work of a household nature which is performed in or about the private home of the employer falls within the domestic service provisions. Your work meets the criteria for domestic service.

Q. I receive a salary of \$100 a month for cooking, cleaning, washing and ironing in a large household. In addition I am provided room and meals by my employer. Since the value of room and meals is substantial, I have thought that value should be added to the cash wages for social security purposes. My employer, who reports \$300 a quarter for me, disputes this theory. Which of us is right?

A. Your employer is right. Only cash wages are counted in determining the amount of wages to be reported for social security purposes.

whether mineral rights include oil and gas in land purchases. Goddard said the state owns an undeveloped but considerable amount of acreage where the previous owner reserved the rights to coal, fire, clay, limestone, iron ore and other minerals.

The term "other minerals" does not include oil and gas, the Supreme Court ruled.

Sees New Revenues
"There are other state forest tracts where a similar situation prevails and we can expect additional revenue from them," Goddard said at a news conference. He added:

"In addition, many thousands of acres of state forest under which we held no mineral rights may now be opened to oil and gas exploration and development."

"I therefore anticipate an upswing in the revenues in our oil and gas program. Under Act 256

Amnesia Victim Found In Church

ERIE, Pa. (AP) — An amnesia victim missing for about a year was found sleeping behind the main altar of a church Tuesday.

Mrs. Catherine Gayok, about 55, of McKeesport, was discovered by a priest in St. Peter's Cathedral Church. She was identified through a doctor's prescription found in her purse.

Detectives said Mrs. Gayok regained her memory when confronted with her identity. She was admitted to a hospital until relatives from Port Vue, near McKeesport, arrive to get her.

of 1955, this money is used for the construction of flood control projects and new state parks. We will naturally be able to move ahead a little faster on some of these projects as a result."

Heavy Traffic Now Indicates "Good Season"
The tourist trade in Gettysburg this season is going to be the best we've had in five years. This is the consensus of opinion of local hotel men, restaurant proprietors and some guides, and the basis for their opinion is the unusually heavy traffic that has been rolling into town this spring. Another "sign" in the Easter travel. Local observers say that if travel is good during Easter week traffic will be heavy throughout the summer.

County Apple Crop Largest In State
The apple crop in Adams County is the largest in the state, according to the state department of agriculture on the basis of Adams County's 1954 crop. The county produced thirty-four million bushels of apples in 1954, one of the banner years in apple production in Adams county, with an estimated yield of approximately 1,500,000 bushels. The average price received by growers in this county for their fruit was 71 cents a bushel.

V.F.W. Organize Post In Town
Organization of the local post of the Veterans of Foreign Wars was completed at a largely attended meeting in the court house, Wednesday evening, George R. Markle, temporary president, presiding. The application of the local post for a charter has been approved and the charter will be received from national headquarters within the next ten days. Thirty-two veterans who saw foreign service have enrolled as charter members.

"Dogfish" Is Caught Here
A fish with four legs, a head like a dog and a long flat tail was caught in Marsh Creek, Monday, and the angler almost turned a flip-flop when he pulled the strange looking fish out of the water. The fish is 18 inches long.
The "what-is-it" was brought to George M. Zering's hardware store. At first, no one knew whether it was a fish turning into a dog, or a dog turning into a fish. Zering, however, classified the creature as soon as he saw it. He said it was a "water dog fish" which are found in large numbers in the Susquehanna river.

County Fruit Is Not Harmed
Adams County's fruit, especially the early peaches, has weathered 48 hours of unusually cold weather, mingled with some cold rain, a sprinkling of snow flakes and a light whiff of dust. This morning a warm sun brought wide smiles to county growers and another banner fruit crop is being widely discussed throughout this wide known fruit belt of Pennsylvania.

The largest and most pretentious demonstration presented in Gettysburg will be offered by the five local Boy Scout troops, in the Hotel Gettysburg annex, Saturday, Dr. W. E. Today's Talk
WANDERERS AND WONDERERS
Each one of us, at some time, or other, is a wanderer, dreaming perhaps, but drinking in the joys and revelations of the Earth. When you become an intelligent wanderer you become a wonderer and begin to inquire all about a world so perfectly put together; yet with wide knowledge, the more we study and observe, and inquire as to the purposes of an Earth with so many outlets and entrances!

Only a superhuman God, as world creator, could answer our inquiries, and then only in fragments.
Sooner or later we all become wanderers and pay just homage to the Creator of all. The more I wander, far and wide, the more I wonder at the endless secrets yet to be revealed.
The greatest job yet to be done is for our world leaders to establish an imperishable peace through all nations and all peoples.

There is still room for a great Earth with neighbors just around the corner! Why should all the previous resources of a great world be sacrificed for greed and gross selfishness? There is happiness aplenty for all!

3 DOOMED MEN GET 5 MONTHS LEASE ON LIFE

TRENTON, N.J. (AP) — Three men who faced execution Tuesday night can expect at least five months of life in the death house at state prison.

An automatic stay of execution spared them when they were nine hours away from death in the electric chair.

An appeal from the denial of a new trial by Judge Edward V. Martino of Camden County likely will not be heard until September. That was the estimation of Supreme Court Clerk John Gildea.

Then it will take several weeks to decide the appeal. Even if it is turned down, the trial judge must set a new date—and such dates are set far ahead of actual execution time.

Lawyers for the three men—Sylvester Johnson, 24, Stanley Coffey, 40, and Wayne Goodrich, 35—gave a certified copy of notice of appeal to State Prison Warden George Goodman.

Stop Triple Execution
Goodman said he considered that sufficient authority to stop the triple execution. The official executioner was already en route from out of state. Goodman sent cancellation telegrams to the official execution witnesses and the executioner went back home.

Johnson, Cassidy and Godfrey were convicted of killing Edward Davis, a Camden toy shop owner, during a holdup attempt on Jan. 24, 1958.

Attorneys Edward Kent of Levittown and Ervan Kushner of Paterson read the case and volunteered their help only 48 hours before the execution was scheduled. Gov. Robert B. Meyner had denied a clemency plea two weeks ago.

Kent and Kushner went before Martino, the original trial judge, at Camden.

Victim, Narcotics Dealer
Kushner said he had affidavits from the condemned men asserting that their victim was a narcotics dealer. Kushner said Johnson, the man who actually shot Davis, was an admitted narcotics user and seller.

The attorney said Johnson, Cassidy and Godfrey had gone to get some money from Davis the night of the slaying.

Martino said he could see no new evidence. Kent and Kushner then filed their notice of appeal and returned to Trenton to serve it on the warden a little after 1 p.m.

CARDS BEAT CUBS 5 TO 2

By JIM VAN VALKENBURG
Associated Press Sports Writer
ST. LOUIS (AP) — Wilmer (Vinegar Bend) Mizell may be Alabama's answer to Will Rogers and Herb Shriner on the banquet trail, but Wilmer doesn't crack jokes when it's his turn to pitch.
"He's deadly serious out on the mound and in the dugout," said St. Louis Cardinal Manager Solly Hemus. "He doesn't say a word — he just studies the game."
"He feels the ball game is on his shoulders and he goes about it like a professional."

The 6-foot-3 left-hander from the hamlet of Vinegar Bend, Ala., did a job on the Chicago Cubs Tuesday night. He allowed seven hits and struck out 10 in a 5-2 victory that was the Cardinals' first of the season.

"I think I had about as good stuff out there as I've ever had in my life," Wilmer drawled.
"My fast ball was good, so was my curve and change-up — except that one (Ernie) Banks parked."

Banks drove in both Chicago runs with a single and homer.

Eisenhower Foundation, will handle the matter until it is turned over to the GSA.
The President is following the example of his two predecessors. The papers and library of the late President Franklin D. Roosevelt at Hyde Park, N.Y., already belong to the government. Those of former President Harry S. Truman at Independence, Mo., were turned over to the government in 1957.

Eisenhower is nearing the end of a 10-day lay-up in official cares and pressures and a heavy concentration on golf at Augusta National Golf Club. He may return to Washington Thursday.

Derby Favorite Will Run Friday

LEXINGTON, Ky. (AP) — Tompion, the future book choice for Kentucky Derby laurels, probably will get his first test on Kentucky soil Friday against some of the class he'll meet at Churchill Downs.

The Tom Fool colt is figured to lead a classy field in the Fore-runner Purse at Keeneland, an event that is contested for only \$7,500, but usually draws top derby hopefuls.

Tompion is figured as the top horse in the seven furlong dash but hasn't scared off other derby threats.

Other probable starters include T. A. Grissom's Lurullah, R. C. Nauman's El Zag, Mrs. Adele Rand's Bourbon Prince, Calumet Farm's Hillsborough, Windfield Farm's Victoria Park and Harry Guggenheim's All Hands.

SENATOR CASE RENOMINATED AND DAVIS WINS

By THE ASSOCIATED PRESS
Sen. Clifford P. Case (R-NJ) easily weathered a conservative challenge to his renomination and ballad-singer Jimmie Davis won the Louisiana governorship handily in Tuesday's elections.

Case will face Democrat Thorn Lord, Mercer County (Trenton) Democratic chairman in New Jersey's Senate election in November.

Case's margin of victory over Robert Morris, former chief counsel for the Senate Internal Security subcommittee, surpassed 100,000 votes. But Morris declined to say if he would support Case in the November election despite a plea for unity from Sen. Thurston B. Morton (R-Ky), the Republican national chairman.

Fought On Principles
"We fought this campaign on principles," Morris said after conceding defeat. "We lost. We're going to keep on fighting for the same principles."

It was Morris' second unsuccessful attempt to win a New Jersey Republican senatorial nomination. He finished third in a three-way race in 1958 but got strong conservative backing in his campaign against Case.

Lord, as expected, won a lopsided victory over Richard M. Glassner, a Newark, N.J., attorney seeking election to his first public office.

In Louisiana, Davis smothered three opponents including Republican Francis Grevenberg. He will succeed Earl K. Long as governor.

Loses 4 To 1
Although Grevenberg made the best showing for a Republican in years in Louisiana, he was outpolled by Davis by a better than 4 to 1 margin. States Rights color-bearer Kent Courtney, a New Orleans publisher, and write-in candidate Maurice W. M. E. Clark, a poet-philosopher from New Orleans, ran far behind.

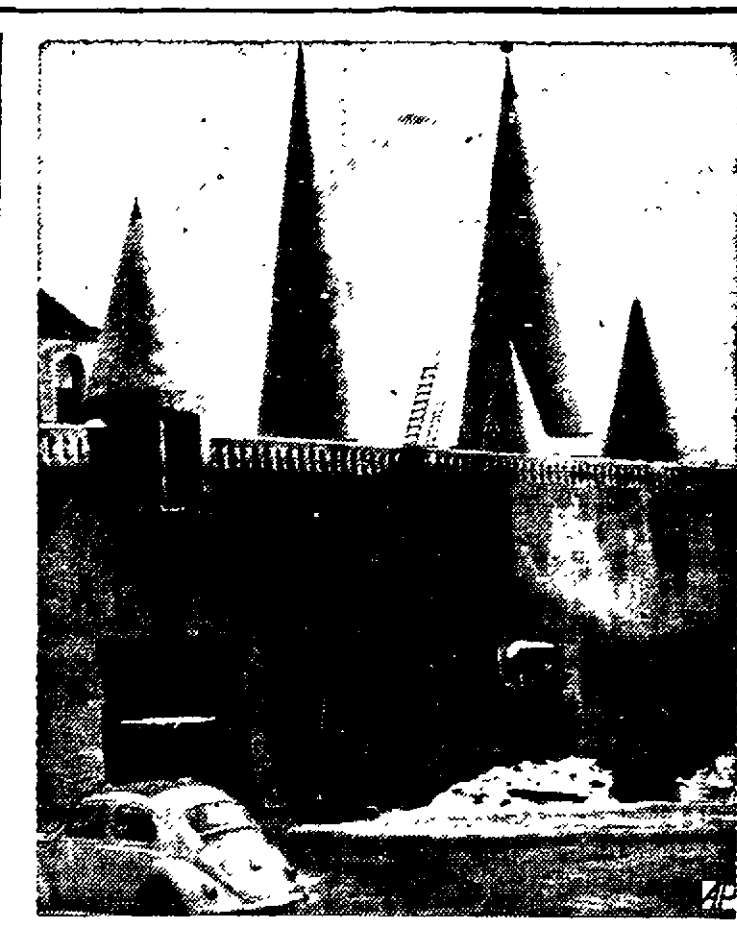

Davis was governor between 1944 and 1948.
Sen. John F. Kennedy (D-Mass) accepted a challenge for a face-to-face debate with Sen. Hubert H. Humphrey (D-Minn). Both are entered in West Virginia's May 10 presidential preferential primary. Humphrey expressed delight that Kennedy has accepted the challenge.

"Healthy Discussion"
"It will be, I am sure, a healthy discussion of the principal issues of the campaign, serving to inform the people, to develop programs and policies, to strengthen the Democratic party and to strengthen our country," Humphrey said.
Kennedy's Washington office said the senator will discuss religion and politics in a speech before the American Society of Newspaper Editors in Washington Thursday.

Kennedy, a Roman Catholic, earlier this week changed strategy in his campaign by opening up the religious issue in his West Virginia speeches.
On the Republican side, Gov. Nelson A. Rockefeller of New York goes to north-central Pennsylvania today for what he said is a personal visit to boost a college roommate's campaign for Congress.

Williams Grove To Try Again Sunday

WILLIAMS GROVE, Pa. — The rain-delayed opening of the Williams Grove Speedway for the 1960 season will come this Sunday afternoon, April 24, with a nine-event card of motorcycle races sanctioned by the American Motorcycle Assn.
Roy Richwine's half-mile oval was originally scheduled to open on Sunday, April 3, with US Auto Club sanctioned big car races.

Due to the wash-out of the big car card earlier this month, the honor of opening the track for the season goes by default to the motor bikes. The sprint cars are not slated on the present schedule for their appearance here until Saturday night, June 18.

HEARST LAUDS PENNA. TRAFFIC SAFETY MOVES

By HERB LINNEN
HARRISBURG (AP) — Newspaper publisher William Randolph Hearst Jr. and Gov. David L. Lawrence today urged an intensified attack from all quarters to eliminate carelessness on highways.

In an address prepared for the first annual Governor's Traffic Safety Conference, Hearst called for "strict but just laws" to enforce safer driving on the nation's highways.

Hearst, chairman of President Eisenhower's Committee for Traffic Safety, added such legislation "is no violation of rights . . . any more than it is a violation of rights to enforce laws against assault, murder, or any other crime that leaves its victims wounded or dead."

Praises State
Hearst praised Pennsylvania for its 13-point traffic safety program aimed at reducing highway deaths. He said "if the execution is equal to the conception (it) can contribute importantly to the reduction of traffic deaths and injuries here."

The newspaper publisher expressed hope that the Pennsylvania Legislature "sees fit to enact the various provisions (of the program) into law as soon as possible." He added:
"It has always pained me to see traffic safety become a political football. If there is any issue that must be non-partisan, traffic safety is it."

Moved Against Apathy
Lawrence said in a prepared speech time has come "to abridge the freedom to kill" on Pennsylvania's highways.
He said his administration faced a major problem in drafting the 13-point program.
"In striking out against carelessness on the highways, we had to move against an underlying apathy—the resigned feeling that nothing effective could be done to cut down highway carnage," he declared.

He spoke before some 1,800 community leaders and law enforcement officers assembled to hear nationally known experts in the field tell how best to carry out his safety program.

Nab 3 Cops In Protection Case

PHILADELPHIA (AP) — Three policemen were arrested today charged with taking protection money from an alleged north Philadelphia number writer. Seven others accused of sharing in the payoff were suspended.

Those arrested on charges of extortion and conspiracy were Edward J. O'Kinsky, 30; Walter Szczepaniak, 29; and William Cook, 25.

Frank Rizzo, acting chief inspector, said a warrant will be issued for John Williams, 63, who runs a grocery and candy store. Rizzo said Williams denied that he is a numbers writer and that he paid the policemen any money.
Rizzo said, however, that Williams has a record of eight arrests on numbers charges and will be accused of bribery, conspiracy, corrupt solicitation and operating a lottery.

Rebels Take Venezuelan Regiment's Headquarters; Military Backs President

By ARISTEDES MOLEON
CARACAS, Venezuela (AP) — Rebels seized control of an army regiment's headquarters at San Cristobal near the Colombian border today in an attempt to set off nationwide revolt against President Romulo Betancourt's government.

Betancourt ordered soldiers to San Cristobal to quell the uprising, and pledges of support came to him at once from military, political and civilian sources.

The moderate Venezuelan President announced he would use all constitutional powers to crush the rebellion, but would not suspend constitutional guarantees in this oil-rich nation.

The strong military garrison at Caracas announced its support at once for Betancourt's government.

Back President
Leaders of the nation's three major political parties spoke over a national radio network, appealing to their followers in San Cristobal to vigorously oppose the insurrection.

PRINCESS WILL LIVE RENT FREE

LONDON (AP) — Princess Margaret and Antony Armstrong-Jones are going to live rent free at London's Kensington Palace, birthplace of Queen Victoria.

Buckingham Palace today announced Queen Elizabeth II is furnishing the couple "grace and favor" quarters at the three-story, 18th century mansion hard by what is known as millionaires' row.

"Grace and favor" residences are owned by the Crown and supplied rent free to relatives and selected faithful subjects.

Nobody is being dispossessed to give the princess and the man she marries May 6 a home. They will get the quarters last occupied by the marquess of Carisbrooke, who died Feb. 23. He was Victoria's last surviving grandson.

Another body, from an accident, had been identified as his. That's the one the family buried, and they still owe \$48 for the funeral.

DURBAN, South Africa (AP) — Anti-Jewish leaflets were pasted on the doors and windows of Durban shops Tuesday night.

The rebels seized control of the Simon Bolivar army regiment's headquarters at San Cristobal. Gen. Pedro Jose Quevedo, commander of the Venezuelan armed forces, urged "my companions in arms to set an example of comend sense and maturity" and support the constitutional government.

The head of the Central Workers' Organization, Jose Gonzalez Navarro, called for its 120,000 members to go on strike. He said this would be a demonstration of opposition to the "criminal" insurrection which, he declared, was counting on the support of the Dominican Republic.

Had Smashed Plot
The government had announced last Saturday that it had smashed a plot for an armed invasion of Venezuela from Colombia by officers who were dismissed from the army for their support of former dictator Gen. Marcos Perez Jimenez.

Venezuelan naval craft and air force planes were patrolling the coast today on the lookout for two fishing boats which the minister of defense, General Jose Lopez Henriquez, said had sailed from Spain with arms for the plotters.

Betancourt, a moderate with a reputation as a social reformer, has faced a series of minor uprisings, threats and harassments since he took office early in 1959. He was elected a year after the overthrow of Perez Jimenez, now in exile in Florida.

Venezuela, a tropical country, lies on the northern hump of South America facing the Caribbean. It has about six million people, and because of the nation's rich resources, has the highest per capita income in South America.

GREEN SAYS PARTY WORKS FOR RACING

PHILADELPHIA (AP)—One of Pennsylvania's most powerful Democrats says his Philadelphia party organization is "working hard" to win permission for pari-mutuel betting on harness racing.

Rep. William J. Green Jr., chairman of Philadelphia's Democratic party, made this announcement at a Jefferson-Jackson Day dinner Tuesday night. Gov. David L. Lawrence was present.

Lawrence has said he personally will vote "yes" on the harness racing question at the April 26 primary in his home county of Allegheny.

Contested Battleground

Under a new state law, four tracks with pari-mutuel machines may be established in the state, but only in those counties which vote permission. Fourteen counties will vote on the issue at next Tuesday's primary.

Lawrence told the \$25-a-plate gathering of Philadelphia Democrats that Pennsylvania will be one of the "highly contested battlegrounds" in the November presidential election.

"The Democratic trend exists everywhere (in Pennsylvania)," he said, "in the rural areas as well as the urban centers. It has been demonstrated by the (voter) registration figures, that's true, but it is equally apparent in the

BUDGET CUTS BY GOP AVERT 'AWFUL MESS'

By FRED B. WALTERS HARRISBURG (AP)—Pennsylvania would be "in a terrible situation" without budget cuts made by the Republican-controlled Senate last session, a legislative leader said today.

Rep. Albert W. Johnson, House GOP floor leader, said the Democratic administration's tentative estimate of a 20-million-dollar deficit this biennium proved the Senate's wisdom in trimming the or-

iginal \$1,907,000,000 proposal by Gov. Lawrence.

The Senate cut about 35 million dollars of the 80 millions eventually taken out of the original request.

"Where Would We Be?"

The governor attacked the Senate on the cuts, claiming they were making "built-in" deficits, Johnson said in an interview.

"But the question is: Where would Pennsylvania be today if the Republican State Senate hadn't been cutting the budget, forcing economies?"

"This state would have been in a terrible situation."

Future Is Guess

Johnson said the state's public schools still are in need of financial assistance, but, with the administration's deficit estimate, "what we're going to do on June 6 is anybody's guess."

The Legislature recessed February until June 6 on the insistence of GOP leaders. They said they wanted to see if revenue through the first 12 months of the biennium—up to May 31—would support additional aid for schools.

HERTER HITS CASTRO RULE IN OAS TALK

By JOHN SCALI WASHINGTON (AP)—Secretary of State Christian A. Herter cautioned Latin American governments today against rushing ahead with economic reforms at the cost of suppressing human rights and freedoms.

Herter's remarks, a thinly veiled thrust at Prime Minister Fidel Castro's Cuban government, came in a speech prepared for the 21-nation Organization of American States.

Commemorating Pan American Day, Herter also said that "perpetuation in power, and the exercise of power without a fixed

term" are clearly contrary to democratic order in the Americas.

Another Job

This also seemed to be a jab at Castro, who has not yet called for free elections in Cuba, as well as Dominican strongman Rafael Trujillo, who has ruled his nation in various ways for 30 years.

Herter, without mentioning Castro or Cuba, said "drastic revisions in existing social, economic and political institutions" may be needed within the hemisphere.

Liberty Based On Rights

A lifting of living standards should be a proper goal of Latin American countries, Herter said, in order to eventually eliminate poverty as well as ignorance.

But, he added, speaking of these goals: "They should be achieved in liberty, and with a dedication to international peace and harmonious cooperation as reflected in the guiding principles of the Organization of American States."

"A partial success in improving the living standards of the individual citizen is not enough. The achievement of material progress, for example, falls short of the need unless it is accompanied by the equally important attainment of liberty based upon respect for human rights and representative democracy."

GHS Handed 7-0 Setback By Trojans; Waynesboro Plays Here On Thursday

Gettysburg High suffered its first loss after two victories when it was blanked 7-0 by undefeated Chambersburg here Tuesday afternoon in a South Penna. Baseball League game. The victory was the sixth straight for the Trojans.

The Warriors were held to but two singles, the first by Terry Fox in the fourth inning off Joe Schellhase, who pitched the first five frames for Chambersburg, and the other by Bob Furney in the seventh off George Keim.

Chambersburg wrapped up the outcome in the second inning when they drove Wayne Fissel, Warrior starter, from the mound during a five-run barrage.

With one out Jack Mull was hit by a pitched ball. Denny Shatzer doubled and Ed Kirby walked. Singles by Jay Overcash and Mike Tolbert and a triple by Terry West finished off the rally.

The Trojans tallied their final pair of runs in the top of the sixth. Overcash walked and stole second base. Schellhase drove him home with a single. An out, and single by West, plus a passed ball, enabled Schellhase to scamper home.

Waynesboro will come here for another league game Thursday afternoon, the game starting at 4 o'clock.

LOS ANGELES IN NL LEAD; CARDINALS WIN

By ED WILKS

The world champion Los Angeles Dodgers are all alone in first place after their first run-in with the San Francisco Giants, but the guys with the smiles in the National League are the St. Louis Cardinals.

They finally won one.

The winningest clubs of the exhibition season (186), the Cards discovered all sorts of ways to lose in their first five regular season games. But Tuesday night, with injured Joe Cunningham back and Stan Musial slogging a two-run double, the Cards broke through for a 5-2 victory over the Chicago Cubs.

The Dodgers topped the Giants out of a share of the lead with a 4-0 decision at San Francisco as Johnny Podres and Ed Roebuck combined for a five-hit shutout. And the Philadelphia Phillies won their first under new Manager Gene Mauch, beating Pittsburgh 4-3 behind Jim Owens' three-hitter in the only other game scheduled.

The American League completed its late opening as the Chicago White Sox outslugged Kansas City 10-9 on a pair of homers by Minnie Mingo. Detroit beat Cleveland 4-2 in 15 innings although Rocky Colavito was hitless. New York snatched Boston 8-4 and Baltimore defeated Washington 3-2.

South paw Wimer (Vinegar Bend) Mizell, battered in his first start a week ago in a 6-1 loss to the Giants, struck out 10 and gave up seven hits while becoming the Cards' first winner. He needed Lindy McDaniel's relief help in the ninth, but had a three-run lead after Bill White hit his first home run of the year in the eighth.

Nine Strikeouts For Owens

Los Angeles got the run it needed in the second on Carl Furillo's triple and a sacrifice fly by rookie Tommy Davis against Billy O'Dell (0-2), a loser in his first NL start. The Dodgers added three more in the ninth against Billy Loos and Stu Miller on John Roseboro's two-run triple and two of the Giants' five errors.

Owens, slapped with a \$600 fine for playing too hard off the field during spring training, was all business in his first appearance for the Phils. An error, Dick Groat's single and Bob Skinner's home run gave the Bucs their three in the third. The only other hit Owens allowed was Bob Clemente's single in the sixth. The young right-hander walked but two, struck out nine for his first major league threehitter.

Biglerville notched its first baseball victory after three losses by defeating Waynesboro 5-3 in a South Penn League game at Waynesboro on Tuesday.

Dick Allison's outfit got off to a good start with two runs in the second inning John Singley was safe on an error but was out on a fielder's choice bunt by Ted Orner. Randy Snyder singled and goth scored on Howard Vines double.

Biglerville iced the game with a pair of runs in the top of the final inning. Vines played a fine defensive game for the Cannery with several nice catches in right field.

Biglerville will play at Boiling Springs on Thursday.

JIM OWENS IS HAPPY ABOUT HIS DECISION

PITTSBURGH (AP) — Jim Owens — the Philadelphia hurler who was ready to quit baseball several weeks ago — is happy his thoughts of retirement were brief.

"I'm not sorry I changed my mind," Owens said after he downed Pittsburgh Tuesday night 4-3 on three hits. Owens had considered quitting after he was fined for violating a curfew during spring training.

"Take away one pitch and it was as good a game as I have ever had," Owens struck out nine Pirates, including Dick Stuart three times.

That one pitch was to Bob Skinner in the third inning. Skinner hit it for a home run to account for all the Pirate tallies.

"It was a fast ball that didn't go where I wanted it to," Owens said.

The Phils rocked started Harvey Haddix for their four runs in the third inning as Ted Lepore doubled, Wally Pote tripled, and Pancho Herrera, Ken Walters and Joe Koppe singled. Then the Pirates struck back with Skinner's home run with two aboard.

First For Mauch

Pirate reliever Paul Giel, who replaced Haddix in the third, gave the Phils only one hit in 4 1/3 innings. Roy Face finished up.

The victory was the first for the Phils under the 34-year-old Gene Mauch who replaced Ed Sawyer. The teams will play the second of their three-game series tonight. Vernon Law (4-0) of the Pirates will face Don Cardwell (1-0).

CHISOX WIN OVER A'S IN OPENER; TRIBE LOSES IN 15

By ED WILKS

The first showdown in the Rocky Colavito-Harvey Kuenn swap was a flop, but another off-season trade pulled by Cleveland's Frank Lane paid a quick return for the Chicago White Sox.

Minnie Mingo, the outfielder who has spent his major league career shifting between Cleveland and Chicago, drove in six runs, walloped a grand-slam and broke a ninth-inning tie with a second homer as the White Sox opened defense of the American League flag by beating Kansas City 10-9 Tuesday.

Colavito, the Cleveland favorite traded to Detroit Sunday for Kuenn, was 0-for-6, and Kuenn pulled a leg muscle as the Tigers defeated the Indians 4-2 in 15 innings. The New York Yankees, gunning for a come-back, ripped Boston 8-4, and Baltimore ended Washington's stay in first place after 24 hours with a 3-2 victory over the Senators as the AL completed its late season opening.

52,756 At Cleveland

The AL drew 162,326 for Tuesday's games and the largest crowd, 52,756, showed up at Cleveland, where Injun fans turned out to see what the Golden Boy would do to the Indians in a Tiger uniform. Colavito, who shared last year's homer title in the AL with 42, struck out four times and hit into a doubleplay.

Kuenn, the 1959 AL bat champ (.353), was 2-for-7, but didn't figure in the scoring. He was injured on a fielding play, then suffered further damage running to first and chasing a fly. He'll miss today's game and maybe more.

Detroit finally put it away on Al Kaline's two-run single off Bobby Tiefenauer, the Tribe's fifth pitcher. Jim Grant, No. 3 in the procession, was the loser after starter Gary Bell and the Tigers' Frank Lary had carried a shutout duel through 10 innings. Both clubs scored in the 11th on two-run pinch singles—Niel Chrissy delivering for Detroit and Jim Piersall for the Indians. Pete Burnside won it in relief.

Minoso Wins Game

Minoso, returned to the White Sox in a seven-player deal that sent third baseman Bubba Phillips (0-for-3) and catcher Johnny Romano (1-for-1) to Cleveland, broke it up for the White Sox on a 3-1 pitch by reliever John Tostouris of the A's. Kansas City had tied it with two in the ninth, one on Norm Siebern's home run, and would have had more except for Minoso's peg from left that nailed Dick Williams at the plate. Winning reliever Ray Moore then ended the rally with one pitch-getting Bill Tuttle on a double play.

A record Comiskey Park opening day crowd, 41,661, saw the Sox build a 5-0 lead, all unearned, in two innings against Bud Daley. But veteran Early Wynn, beginning his 20th season, was chased in a three-run fifth opened by Whitey Herzog's pinch-hit homer.

Pair For Maris

Roger Maris, obtained from Kansas City as part of the Siebern deal, hit a pair of homers and drove in four runs for the Yankees before 35,162 at Boston. Right-hander Jim Coates went all the way for the victory, giving up nine hits—one Ted Williams' 499th home run, his second of the season and breaking a tie with Lou Gehrig for fourth place on the all-time list. Tom Brewer was the loser, giving up 11 of the Yanks' 17 hits.

A seventh-inning double by Gene Woodling broke a 2-2 tie for the Orioles, who drew 32,747. Jack Fisher won it with 3 1/3 innings of three-hit shutout relief. Pete Ramos, tagged for Brooks Robinson's two-run homer, was the loser.

Boston (AP) — "Why, playing right field is like going home," said New York's Roger Maris. The Yankee outfielder has worked out in spacious left field in Yankee Stadium this spring, but was shifted to right — his old position at Kansas City — for New York's 1960 inaugural at Boston Tuesday.

Maris certainly appeared to be at home.

Drove In Four

He crashed four hits, including two homers and a double, and drove in four runs in the Yankees' 8-4 conquest of the Red Sox before a crowd of 35,162.

The home runs each traveled more than 400 feet, clearing the bullpen in right field and sailing into the crowd.

"No, I wasn't trying to power the ball," the stocky outfielder said after his first official game in a Yankee uniform. "I was just trying to meet the ball. And I think playing in right field gave me a little more confidence, too."

Ted Had Homer

Maris came to the Yankees in an off-season trade that sent Hank Bauer and Norm Siebern to the A's. The power-hitter was installed in left field. In Boston, however, right field is the big area, and Manager Casey Stengel moved him to right in a defensive move.

It paid off. Maris twice went back to the barrier to pull down home run bids by Gene Stephens. But he couldn't handle one by Ted Williams. The aging slugger lined a shot just over the fence into the crowd with the bases empty in the eighth inning.

Littletown and Bermudian got off to good starts in the Adams County League by registering victories Tuesday.

Unbeaten Littletown, racking up its fourth straight victory, took an 8-1 decision at Fairfield as Gary Worley limited Fairfield, making its first start, to three hits. Dick Bankert enjoyed a perfect day at bat for the Thunderbolts with three singles and a double.

Bermudian nipped New Oxford 1-0 on an unearned run in the top of the second inning. The lone run resulted with Craig Hoke singled, streaked to third base on an infield error and continued on home on a wild throw to third base.

New Oxford threatened in the sixth. With one out Gary Smith and Bernie Wentz singled, and Gordon Wentz walked. On a squeeze play at the plate Smith was out while Steve Naylor fanned to halt the rally.

Court Rules State Owns Natural Gas Rights In Houston Twp., Clearfield

PHILADELPHIA (AP)—The State Supreme Court says the Commonwealth of Pennsylvania owns "all the natural gas rights" under 3,784 acres of land in Houston Township, Clearfield County. The gas, now being pumped out, is bringing in \$100,000 a month.

The ownership of the rich natural gas deposits has been the subject of a legal squabble for many years. The Clearfield County Common Pleas Court in 1957 ruled that a defunct firm, Penfield Coal and Coke Co., was the present owner.

The high tribunal, in a 5 to 1 decision Monday set this decision aside. Justice Michael A. Musmanno dissented.

Purpose Of Receivership

Justice Benjamin R. Jones, writing for the majority, said Penfield, in grave financial difficulties "was forced to liquidate its assets to meet, if possible, its obligations." The firm at the time was in receivership. It was represented in the present proceeding by trustee Cecil B. Highland, Jr.

"The purpose of the receivership," wrote Jones, "is to make available for the payment and satisfaction of Penfield's creditors not some but all of Penfield's assets."

The only reservation in the deed conveying assets to the state was that "coal, fire clay, limestone, iron ore and other minerals that had been here before sold and conveyed to third parties" didn't go

to the commonwealth.

"Wasn't A Mineral"

Jones, for the majority, said that natural gas wasn't a mineral, and thus this material remained in commonwealth hands.

Musmanno disagreed. He said: "From time immemorial the substantive world has been divided into three kingdoms: The animal, vegetable and mineral. If gas is to be excluded from the mineral kingdom, where does it go? It cannot move into the animal or vegetable kingdom. Does it float about, a parish to all kingdoms, or is a new kingdom being founded for its exclusive domain?"

Deeds to the disputed land were traced as far back to 1900 when portions of it were sold or given to various individuals. Some of it was sold without mineral rights, some of it was retained and the mineral rights retained.

Money In Escrow

The New York State Natural Gas Co. has been producing the gas, placing the money it earned after sale in escrow pending final determination of the rightful owner of the gas.

Besides the commonwealth and Penfield there were other claimants to the rich gas rights. These included the Shawmut Mining Co., Devonian Gas and Oil Co., and trustees under the N. T. Arnold will. Arnold was the original holder of the land in 1900, obtaining it from the Caledonia Coal Co. Jones said that Arnold had

GOOD EASTER SALES HELP TO BUSINESS

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP)—Business is looking today for the push that will get it off dead center.

Good Easter sales were welcome. But industrialists say it will take a pickup in capital goods orders and construction awards to start the upward climb again. These are yet to become part of the record.

And meantime the stock market watches the profit reports and the industrial output trends.

Personal Income High

The consumer goes on spending. But he can't do much more. In most cases he already is committing about all the cash and credit he can. In some lines of work he has less to spend than a few months back. Wages in industry are off by 600 million dollars on an annual basis, and farm incomes off by 400 million dollars annually.

The statistics on total personal income manage to pull ahead a bit. But that is due to increases in government salaries, and to such things as increased unemployment benefits and personal interest income.

This doesn't add up to bad times, by any means. Total employment is high. Total personal income is high. Industrial output is still high by any standards, even including the peak set at the turn of the year.

Credit Not As Tight

Credit isn't easy enough to incite fears of another inflationary upsurge of prices. But it isn't as tight as it was, either, relieving some of the worries of those who thought it might hamstring economic growth.

The corporate profit reports now coming in at a great rate are as mixed as the economic outlook itself.

Where will the nudge come from to get business off dead center?

Congressmen are busy these

obtained full title to all the natural gas rights but eventually conveyed these rights to Penfield. Penfield, the majority concluded, later conveyed these rights to the commonwealth.

The lower court had held, and Musmanno agreed, that Penfield's receiver sold only the surface lands to the state, not the natural gas or mineral rights.

Whites And Negroes Stage Vicious Fight In Savannah

By THE ASSOCIATED PRESS

A savage fight between Negroes and white youths climaxed weeks of racial tension in Savannah, Ga., where Negroes have been staging sit-down demonstrations and boycotting stores with segregated lunch counters.

Ax handles, pipes, knives and other weapons were swung in the brief but vicious clash in a park Monday night. A white youth was hospitalized with a serious knife wound in the neck. Two other white youths and a Negro were treated at a hospital and released.

Police jailed two Negroes and seven white persons and began an extensive search of the area for 20 others believed to have taken part in the fight in the Georgia coastal city.

Cause Not Determined

Cause of the burst of violence was not determined. Investigators said the teenagers who were arrested gave conflicting accounts.

Melvin Bryan, 18, suffered a deep stab wound in the side of the neck.

Allen Louis Johnson, 22-year-old Negro, received a badly bruised elbow when he was struck by an ax handle.

The battle in the park occurred a few hours after police reported a white man struck a Negro student during a lunch counter sit-down demonstration at the S. H. Kress & Co. store. It was the

days offering ideas on that.

Two Schools Of Thought

One school of thought is that the government should spend more, should do some pump priming to create jobs, should make credit much easier and interest rates lower. They point to all the facilities that Americans would like to have and enjoy, and say that now is the time to furnish them.

The other school says that healthy growth will come through private channels. They think the best way to stimulate private efforts toward economic growth would be to make saving more profitable—since out of savings come the funds to invest in new business projects.

This would involve keeping interest rate, as high as they are, or even letting them go higher as the demand dictates. But in financial circles are some who think business will start going upward again only when the need for more production is evident.

second such incident in three days.

A white man knocked a Negro demonstrator from a lunch counter stool in the same store Saturday. The Negro's jaw was broken.

"Silent Prayer Session"

Former President Harry S. Truman told newsmen at Ithaca, N. Y., he wouldn't be surprised "if the sit-downs in the South were inspired by Communists."

Seven Negro ministers staged a silent prayer session on a safety zone at an intersection in downtown Chattanooga, Tenn. One of the signs they carried read, "We pray for our city in Christian love. Stop Jim Crow."

Negroes picketed a downtown variety store and staged sit-ins at three lunch counters in Chattanooga.

A Negro doctor reported he was arrested for swimming in the Gulf of Mexico at Biloxi, Miss., near a swank hotel.

In Marshall, Tex., a judge ordered four Negro students to stand trial on charges growing out of lunch counter sit-ins March 30. He dismissed motions to quash the charges.

MANY SINGERS ARE FROM SAME NEIGHBORHOOD

HOLLYWOOD (AP)—One way to make your son famous is to see that he's born and reared in a certain neighborhood of South Philadelphia.

That intelligence came after a chat with Frankie Avalon and Fabian, the teen-agers' delights. Both come from the same neighborhood in South Philadelphia that produced Eddie Fisher, the late Mario Lanza, James Darren, Bobby Rydell, Al Martino, Buddy Greco and Jody Sands.

"All of us come from an eight-block radius," says Fabian.

Avalon adds, "It's the only place in the country where mothers ask: 'How's your son's record doing?'"

"Seen any interesting new teeth lately?"

"London bridge is falling down—and so is yours."

"Generally speaking, I prefer a local anesthetic, so long as it numbs me all over."

"Before you start to drill, let here."

"We're just old neighbors," says Fabian.

Avalon is 19 and Fabian has just turned 17.

Both boys are doing very well in pictures. Avalon was in "Guns of the Timberland" with Alan Ladd and just finished "The Alamo" with John Wayne.

Fabian is making a movie with Bing Crosby, who might be called the Frankie Avalon Fabian of 1930.

"One Swell Guy"

Fabian says Bing is one swell guy but he's not his favorite singer. Who's that?

"Elvis, our leader, who else?" answers Fabian.

Avalon's favorite is Frank Sinatra.

Fabian, still going to high school, also studies acting with Sandy Meisner, the famed coach. He is an honest recording star, one of the few to admit he hasn't sold his first million record yet.

Mother's Day, Dad's Day And Vacation Buying Lie Ahead As Business Booms

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Most merchants have turned the corner nicely. In most areas Easter sales have brought the year's retail volume ahead of 1959. Whatever lagging there was in March seems to have melted with the snows.

And ahead are three storekeepers' special delights: Helping America in the next three weeks get ready to rush to Mother on May 8, and a month later show some of more restrained eagerness to spruce up Dad for his day, and on the heels of that the golden chance to sell the whole family outfit for vacation.

These include not only clothing, but all the accessories of fun time in America — boats and fishing tackle and even bedrolls for those in whom the pioneer spirit is revived as soon as the leaves pop out on the trees.

Frenzy Of Spending
How much of this type frenzy of spending will work back in the form of new orders or reorders for the manufacture of clothing and goods is yet to be seen.

A hand-to-mouth inventory policy has spread this year. And this makes a revived spurt in industrial output unlikely in the next few weeks.

But few merchants today are crying about shelves overstocked with the frenzy that naturally here bubbles in an otherwise prosaically when the Easter bunny appears.

Sales Are Higher
Even in the vicious month of March department store sales, adjusted to this year's later Easter, came out 3 per cent higher than a year ago.

The cautious shake their heads over reading too much into this year's Easter retail volume. They ask: How about spending power? Steel production is cut back further, as seems likely? And what if the recent spurt in auto buying was simply a boon to dealers with large stocks on hand, and proves to be little inspiration to the auto makers to return to greater production? And what if business does go through with all the plans for building new plants or enlarging old ones, or in modernizing the equipment? The reported intentions would make 1960 a banner year. That, and the steady buying by consumers, are counted upon.

But few merchants today are crying about shelves overstocked with the frenzy that naturally here bubbles in an otherwise prosaically when the Easter bunny appears.

James MARLOW Reports
The Associated Press
WASHINGTON (AP) — If the Red Chinese leaders talked to one another in private conversation the way they talk to one another in print, there'd be nothing to worry about. They'd bore themselves to death.

Actually, they're talking out of both sides of their mouths.

Communist China's Premier Chou En-lai is on a goodwill tour of Southern Asia at a time when Red Flag, the theoretical journal of his party's Central Committee, is preaching civil war in non-Communist countries.

Chou's journey is a fence-mending expedition. Red China's southern neighbors were disillusioned, reviled and frightened by her brutal crushing and occupation of Tibet.

The opening sentence of a piece in a recent issue of Red Flag set the tone for one of the finest collections of second-rate Communist jargon outside a library: "Lenin taught us that in the era of imperialism, the system of imperialism is the source of war."

From that premise Red Flag went on to argue that since imperialism means war, the United States is bent on war, big and small, because the United States is imperialistic.

It is a lengthy and almost incredible array of Marxist clichés, the kind the Soviets worked to death when the Russian revolution was still fairly new. Premier Nikita Khrushchev reversed this, offering molasses instead of vinegar.

Second-rate Jargon
After all, Khrushchev had been a revolutionary more than 40 years. For him the revolution was settling down. By contrast the Red Chinese sound as primitive as the early Bolsheviks.

But Red Flag's growling—when repeated by the leadership in newspapers and over the radio but in simpler language — conditions the Chinese masses for war when the leadership pulls the trigger.

It keeps alive the idea of war by communism to prevent the kind of war Red Flag says the "imperialists" want. But it does more than that. It encourages civil war among the non-Communist countries.

Backhand Rebuke
In this Red Flag — and thus the Red Chinese leaders — seems to be giving Khrushchev a backhand rebuke for failing to be as belligerent as the Chinese leaders think he should be.

It said: "To repudiate civil war, or to forget about it, would mean sinking into extreme opportunism and renouncing the Socialist revolution."

When Khrushchev visited Red China last September — after

Say Pair Bilked Latrobe Doctor
GREENSBURG, Pa. (AP) — State police have placed detainees against two men in connection with the alleged \$82,000 bilking of a Latrobe doctor in a horse betting scheme.

Police said Tuesday the two are Adam Bagdasian of Silver Spring, Md., and Herman Wilensky of Miami Beach, Fla. Both are in a Rockville, Md. jail awaiting trial on narcotics and horse betting charges, police said.

According to Dr. Jack Hammill, three men bilked him out of \$82,000 last year in a scheme to make a financial killing on horse races.

Another man, Frank Jones, was arrested last Nov. 14. He was freed on \$40,000 bond pending grand jury action in the case.

Elliott Talks About Pa. Taxes
SOMERSET, Pa. (AP) — Republicans in the Legislature created a more favorable tax climate for business in Pennsylvania after the administration of Gov. George Leader, says Sen. Douglas H. Elliott (R-Franklin).

"Part of Pennsylvania's present unemployment problem is the result of the unwise tax policies of the Leader administration," Elliott told the Somerset County Republican Committee Tuesday night. He added:

Elliott is running for Congress in a special election next Tuesday to fill the 18th District seat left vacant by the death of Republican Rep. Richard Simpson.

Pitt's Trimester System Successful
PITTSBURGH (AP) — The University of Pittsburgh's trimester system of education — the first of its kind among the nation's universities — appears to be a success.

So said Chancellor Edward Litchfield Tuesday in revealing that about 5,000 students enrolled for the spring trimester, the third 15-week term of the school year.

Dr. Litchfield said this number was twice what officials had expected and half the students eligible.

Classes for the third trimester began Tuesday.

talking with President Eisenhower here — he told the leaders that renunciation of war is an urgent need.

The most likely place for civil war — and the most profitable from Red China's view, since it would extend her domination — would be among her Southern Asian neighbors.

And just as if telling Khrushchev to go peddle his peaceful fish somewhere else, on the day he talked of renouncing war, Defense Minister Marshal Lin Piao told Red China's armed forces in an order of the day: "We will without fail liberate Formosa and the coastal islands" held by the Nationalist Chinese.

Social Security
Q. I clean house for the woman next door every week. She pays me \$5 a week. Do I get social security credit for this work?
A. Yes, you do. So long as you are paid not less than \$50 in cash wages in a calendar quarter, credit is granted toward old-age, survivors and disability insurance benefits.

Q. How may I learn whether Mrs. Smith, for whom I used to do day work, reported my wages for social security purposes?
A. Notify the nearest social security district of your interest in knowing whether your wages were reported. That office will give you a form of postcard on which you may request a statement of the wages (and self-employment income, if any) credited to your account. From the statement which is mailed to you, you should be able readily to determine whether your wages have been reported by Mrs. Smith.

Q. My employer, for whom I baby-sit two or three times a week, states she has not collected any employment taxes from me because she does not know the procedure for collecting, reporting and remitting these taxes. How should she go about getting this information?
A. Your employer may write to her District Director of Internal Revenue asking for a federal employer identification number, report forms and instructions. Or she may, if she wishes, ask the nearest social security office for a pamphlet entitled "Do You Have A Maid?" This pamphlet contains a printed request to the district director for the necessary material.

Q. Must I work inside the house of my employer to be covered by the domestic service provisions of the Social Security Act?
A. It is not necessary that you

FLOOD, PARK PROGRAMS GET SHOT IN ARM
HARRISBURG (AP) — Pennsylvania's flood control and state park programs have been given a financial shot in the arm by a State Supreme Court decision on mineral rights, says the secretary of forests and waters.

Maurice K. Goddard said Tuesday the Commonwealth will reap a wealth of royalties from gas and oil production on state-owned land. This money is used in the flood control and park programs.

The decision by the Supreme Court Monday immediately enriched the state by \$1,167,678.

Tied Up Over Year
The money had been tied up since December 1958 in a legal fight over income from gas obtained on 3,500 acres of state forest land in Clearfield County.

The court's decision centered on

RESTORE CALM AT GEORGIA HIGH SCHOOL

HAHIRA, Ga. (AP) — Teachers and pupils went back to classes at Hahira High School today, a paddling controversy settled, and calm restored in this south Georgia farming center.

The return of the 600 pupils, the principal and 32 teachers was in striking contrast to Tuesday's furor over the paddling last week of Earl Cornelius, 14.

The entire faculty resigned, more than 150 pupils staged a demonstration in front of the building chanting, "We want our teachers back" and parents talked about organizing a motorcade to the Lowndes County seat, Valdosta.

Emergency Meeting
The school was closed and the five-man county board of education hurried over from Valdosta, 12 miles away, to hold an emergency meeting.

The board and the teachers solved the problem with the help of school bus driver Elmer Cornelius and his wife, parents of the youth who was paddled.

County School Supt. Clyde W. Meacham and Principal A. B. Martin said in a joint statement that the situation had been resolved satisfactorily.

The board assured Martin and the teachers of support in maintaining school discipline. The principal and teachers withdrew their resignations.

"We regret the situation going as far as it did," Meacham said. The settlement was reached after Mr. and Mrs. Cornelius agreed to withdraw warrants alleging the principal and Mrs. Dwight Maples, a teacher, paddled Earl too severely a week ago.

2ND SUSPECT IS ARRESTED

PHILADELPHIA (AP) — The FBI has arrested the second of two men accused of slugging and tying up a night watchman and stealing \$300 from the Nazareth Farmers Market and Auction.

ARE YOU IRKED BY REPEATED COMMERCIALS?

By CYNTHIA LOWRY

AP TV-Radio Writer
NEW YORK (AP)—Do TV commercials annoy you? Are you irked by fatuous smokers, pounding hammers, skindiving shavers, Great Danes jumping into station wagons?

Relax. Now you may write your own sales message. A big oil company plans a commercial-writing contest extolling its gasoline. Actually, the contest is just a switch on the tried-and-true "I like Brand A because—" idea, with the usual vacation trips and automobiles for prizes.

But while it is an amusing enough idea, I don't think it will serve to release the pent-up emotions of the commercials-weary viewer.

Animosity Aroused

Curiously, there is something about a commercial — and some TV shows, too — that arouse passions never touched by advertisements on the printed page.

I know a man who is so emotional about "The Gale Storm Show," he will come from another room to switch the dial when he hears the star's voice. I know a woman who dislikes so intensely a detergent commercial she can't watch the soap opera that surrounds it.

Perhaps we all have our TV crochets. I will leap from a comfortable chair to banish from sight and sound that pair of twins singing a chewing gum song and carefully avert my eyes from one cigarette salesman who tries to be funny.

phila, was arrested Tuesday on charges of aggravated assault and battery and unlawful flight to avoid prosecution.

After a hearing before a U.S. Commissioner on the unlawful flight charge, he was to be returned to Northampton County where he is charged with robbery, burglary and aggravated assault and battery.

Meanwhile, in Easton, state police said Jackson's accomplice was William D. Van Scoten, 30, of Bloomsbury, N.J. Van Scoten is serving 9 to 19 years in New Jersey State Prison at Trenton for seven burglaries in Warren County, N.J. He was arrested last December and implicated Jackson in the Nazareth crime, police said.

Killed In Crash With Fire Truck

WILMINGTON, Del. (AP) — A Delaware County, Pa., man was killed Tuesday and his wife and niece injured when their car collided with a fire truck en route to a grass fire in nearby Brandywine Hundred.

Killed was Humberto Correa, 62, of Boothwyn, Pa. His wife, Juanita, 64, was admitted to the Delaware Hospital in Wilmington with fractured leg and multiple injuries. She was reported in serious condition today.

Also injured was the couple's niece, Anna Marie Munez, 21, of Oneida, N.Y., who was visiting them. She suffered a fractured leg and a scalp injury. Her condition was listed as fair.

INSPECTION OF AREAS ASKED

WASHINGTON (AP) — Rep. James E. Van Zandt has invited the House Rules Committee to tour Pennsylvania's high unemployment areas to see whether the communities need federal aid.

The Altoona, Pa., Republican extended the invitation at a hearing Tuesday on a \$25 million dollar area redevelopment bill now before the Rules Committee.

Pennsylvania communities, he said, have done wonders to revive their economies, but they need help.

"We have borrowed all we can from banks," he said. "We have gotten all the aid we can from the Small Business Administration. Something has to be done to help these communities further help themselves."

A redevelopment bill would, among other things, provide aid to communities for projects aimed at attracting new industries.

The \$25 million dollar House bill has been approved by the House Banking Committee but has been bottled up in the Rules Committee since last May.

Van Zandt urged the committee to release it for House consideration so efforts can be made to compromise with the administration, which is backing a \$7 million dollar bill.

Van Zandt added that if the bill is not released by the committee he and Rep. John P. Saylor (R-Pa.) and other Republicans will use every parliamentary means they can to get House action on the bill.

MAYOR BRINGS QUIET AGAIN TO NASHVILLE

NASHVILLE, Tenn. (AP) — A mass Negro demonstration, touched off by an explosion which wrecked a Negro city councilman's home, ended Tuesday with Mayor Ben West's affirmation that he favors desegregation of all white eating facilities.

West told a group of about 3,000 Negroes who marched on City Hall he thought it was wrong to discriminate against anyone.

The mayor agreed with the Negro students that lunch counters and other eating facilities should be desegregated but added it would be a matter for the merchants to decide.

Bitter Debate

"I cannot tell a businessman how to run his business," he said. A bitter debate between West and a Negro minister, the Rev. C. T. Vivian preceded his remarks.

Vivian read a prepared statement which charged West with lack of decision and not using the moral weight of his office in the racial conflict.

The demonstration began shortly after the home of Negro city Councilman Z. Alexander Looby was shattered by an explosion.

Looby and his wife, asleep in a back bedroom, escaped injury.

Looby, 62, a life member of the National Assn. for the Advancement of Colored People, has represented scores of Negro students arrested in connection with sit-in demonstrations here.

The City Council, at the request of West, has offered a \$10,000 reward for information leading to the arrest of the persons who bombed the home.

Agents of the Tennessee Bureau of Identification have joined the Nashville police force in the investigation.

ROCKY SPEAKS FOR ROOMMATE

WILLIAMSPORT, Pa. (AP) — Gov. Nelson A. Rockefeller of New York began campaigning at a luncheon today for a former college roommate seeking election to Congress.

But political observers will be watching for signs Rockefeller might be willing to challenge Vice President Nixon for the party's presidential nomination.

Rockefeller has formally withdrawn from the presidential race but his backers insist he is far from out of the running, particularly since some regard Nixon's showing in the Wisconsin primary as poor.

The visit is the first in a new series outside New York planned by Rockefeller.

Can Part-Time Doctors Get Extra State Fees?

HARRISBURG (AP)—Whether part-time physicians on the Commonwealth payroll may receive extra fees from the state is being questioned by Aud. Gen. Charles C. Smith.

He said Tuesday several physicians who did part-time work at state institutions have received up to \$175 for each physical examination performed in workmen's compensation cases.

Smith said the law is clear that no state employee receiving a fixed compensation may receive extra pay for additional services without prior approval of the State Executive Board.

Andrew M. Bradley, state secretary of property and supplies and a member of the Executive board, told The Associated Press the law governing extra fees has been interpreted to mean double salaries.

Need Legal Opinion
"If they earn a fee, however, that is not considered a salary," Bradley said. "It seems to me we'll need a legal interpretation."

Dr. John L. Dorris, chairman of the workmen's compensation board, defended the practice of using part-time physicians to perform the examinations.

"We used them as impartial doctors," he said. "I wonder if

Charles Smith ever realized how many millions these 'impartials' save us. It's hard to get people to do these jobs. A lot of them don't want to be bothered."

Names Two Doctors

Smith identified two physicians on the state payroll who received extra compensation as Dr. Matthew J. Drogowski, Freeland, and Dr. John P. Ruta, Wilkes-Barre. Drogowski, Smith said, was paid \$5,100 a year salary since Oct. 6, 1956, as a part-time physician at the White Haven annex of Pennhurst State School, and \$19,750 in physical examination fees from Dec. 12, 1957, through Dec. 30, 1959 at the rate of \$175 each examination.

Ruta served the Health Department as a part-time county medical director from Nov. 6, 1957, until July 1, 1958, during which time he was paid \$3,850 for physical examinations, Smith said.

Court Rules State Owns Natural Gas Rights In Houston Twp., Clearfield

PHILADELPHIA AP — The State Supreme Court says the Commonwealth of Pennsylvania owns the natural gas rights under 3,784 acres of land in Houston Township, Clearfield County. The gas, now being pumped out, is estimated to be worth \$100,000 a month. The ownership of the rich natural gas deposits has been the subject of a legal squabble for many years. The Clearfield County Common Pleas Court in 1957 ruled that a defunct firm, Penfield Coal and Coke Co., was the present owner.

The firm, in a 5 to 1 decision Monday, said its decision as to the firm's ownership was based on the fact that the firm had been in business since 1880.

Purpose Of Recovery
Justice Benjamin R. Jones, writing for the majority, said Penfield, in grave financial difficulties, was forced to liquidate its assets to meet its obligations. The firm at the time was in receivership. It was represented by the receiver, B. Highland Jr. The purpose of the receivership, said Jones, was to make available for the payment and satisfaction of Penfield's creditors, not some of the Penfield assets.

The only restriction in the deed conveying assets to the state was that coal, fire clay, limestone and other minerals that had been before sold and conveyed to third parties, didn't go

GOOD EASTER SALES HELP TO BUSINESS

By SAM DAWSON
AP Business News Analyst
NEW YORK AP — Business is looking today for the push that will get it off dead center.

Good Easter sales were welcome. But industrialists say it will take a pickup in capital goods orders and construction awards to start the upward climb again. These are yet to become part of the record.

And meantime the stock market watches the profit reports and the industrial output trends.

Personal Income High

The consumer goes on spending. But he can't do much more. In most cases he already is committing about all the cash and credit he can. In some lines of work he has less to spend than in a few months back. Wages in industry are off by 600 million dollars on an annual basis, and farm incomes off by 400 million dollars annually.

The statistics on total personal income manage to pull ahead a bit. But that is due to increases in government salaries, and to such things as increased unemployment benefits and personal interest income.

This doesn't add up to bad times, by any means. Total employment is high. Total personal income is high. Industrial output is still high by any standards, even including the peak set at the turn of the year.

Credit Not As Tight

Credit isn't easy enough to incite fears of another inflationary upsurge of prices. But it isn't as tight as it was, either relieving some of the worries of those who thought it might hamstring economic growth.

The corporate profit reports now coming in at a great rate are as mixed as the economic outlook itself.

Where will the nudge come from to get business off dead center?

Congressmen are busy these

obtained full title to all the natural gas rights but eventually conveyed these rights to Penfield. Penfield the majority concluded, never conveyed these rights to the Commonwealth.

The lower court had held, and Musmanno agreed that Penfield's receiver sold only the surface lands to the state, not the natural gas or mineral rights.

Whites And Negroes Stage Vicious Fight In Savannah

By THE ASSOCIATED PRESS

A savage fight between Negroes and white youths climaxed weeks of racial tension in Savannah, Ga., where Negroes have been staging sit-down demonstrations and boycotting stores with segregated lunch counters.

Ax handles, pipes, knives and other weapons were swung in the brief but vicious clash in a park Monday night. A white youth was hospitalized with a serious knife wound in the neck. Two other white youths and a Negro were treated at a hospital and released.

Police jailed two Negroes and seven white persons and began an extensive search of the area for 20 others believed to have taken part in the fight in the Georgia coastal city.

Cause Not Determined

Cause of the burst of violence was not determined. Investigators said the teenagers who were arrested gave conflicting accounts.

Melvin Bryan, 18, suffered a deep stab wound in the side of the neck.

Allen Louis Johnson, 22-year-old Negro, received a badly bruised elbow when he was struck by an ax handle.

The battle in the park occurred a few hours after police reported a white man struck a Negro student during a lunch counter sit-down demonstration at the S. H. Kress & Co. store. It was the

days offering ideas on that.

Two Schools Of Thought

One school of thought is that the government should spend more, should do some pump priming to create jobs, should make credit much easier and interest rates lower. They point to all the facilities that Americans would like to have and enjoy, and say that now is the time to furnish them.

The other school says that healthy growth will come through private channels. They think the best way to stimulate private efforts toward economic growth would be to make saving more profitable—since out of savings come the funds to invest in new business projects.

This would involve keeping interest rates, as high as they are, or even letting them go higher as the demand dictates. But in financial circles are some who think business will start going upward again only when the need for more production is evident.

ARENDTSTVILLE ADOPTS NEW ORDINANCES

Arendtville borough has adopted new ordinances bringing the town's building code up to date, decreasing the cutting of weeds and setting a new rate for water test and conditioning drain the water finances dry.

The amendment of water rates makes no change in schedules for anything but air conditioners. The cost of water service to cemeteries continues at \$19.20 a year, a house with commode and lavatory still pays \$22.80 a year, and one with a bath instead of a lavatory still pays \$36 a year and the metered rate for premises other than private homes pay 65 cents a thousand gallons for the first 55,000 gallons and 60 cents a thousand gallons after that.

Building and construction work where a meter is impractical continues to pay \$19.60 a year or part of a year.

Adopt Building Code
But the new figures take care of the air conditioning problem. Borough Secretary Lawrence E. Myers says only a few houses in the town now have air conditioners, but it is expected more will install them. The rate for a house with commode, bath and air conditioner with tower up to five-ton capacity is \$51 a year. Without a tower the cost is \$72 a year.

The borough adopted the National Building Code, abbreviated edition, recommended by the National Board of Fire Underwriters. It replaces a town-designed code in effect for many years.

It also sets up a permit fee of \$1 for work costing no more than \$500; \$2 for work costing from \$500 to \$5,000; \$3 for work costing \$5,000 to \$15,000 and \$5 for anything above \$15,000. Borough Secretary Myers said the old ordinance also provided for permits, "but it was never enforced."

To Name "Building Official"
Secretary Myers said the new building ordinance calls for the naming of a "building official" to give the permits. Town council will probably appoint a building official at its May meeting, Myers said, and in the meantime Burgess Herbert W. Cluck will act

Huntington Twp., has announced these solicitors: Miss Nadine Reinacker, Mrs. B. O. Moore, Mrs. Donald Dubbs, Mrs. Mary Whitcomb and Benjie Fadenrecht. In lower Latimore Twp. the canvassers under direction of Mrs. Kenneth M. Hankey, York Springs R. 2, include Miss Erma Wagner, Miss Nadine Hoke, Mrs. Lloyd Decker, Mrs. Herbert Ebersole and Mrs. Sterling Thomas.

levy on the occupation assessments is the anticipated \$143,000 increase in the budget for the school district. Of that increase \$77,290 will be rental for the new high school, construction of which is scheduled to start about May 1.

Condemnation by the state of the old high school building, currently used as a junior high school building, plus increased enrollments which are jamming present facilities, is forcing construction of the new high school building, which in turn leads to more cost for school operation.

The levy on the occupation assessments is in addition to retention of the \$10 per capita levy.

No Decision On Millage
No decision has been reached as yet by the board concerning the millage on real estate.

Formal adoption of the budget is scheduled for a May 2 meeting while the tax propositions are scheduled for consideration at a meeting May 9.

The proposed budget is broken down into \$20,412 for general expenses; \$563,418 for instruction; \$58,900 for auxiliary agencies; \$11,803 for operation of the schools; \$16,103 for maintenance of the schools; \$35,000 for fixed charges such as retirement, social security and insurance; \$137,050 for rentals and \$15,320 for capital outlay, with most of that amount going for purchase of a new bus bought by the district.

HST SAYS HE WAS MISQUOTED

NEW YORK (AP)—Former President Harry S. Truman said today he had been misquoted concerning lunch counter demonstrations in the South.

"I was misquoted and I have no further comment," he said when asked by a newsman about the statement that he was reported to have made Monday at Ithaca, N. Y.

When asked at the time if lunch counter demonstrations might be Communist-inspired, he was quoted as replying "I wouldn't be surprised."

Roy Wilkins, executive secretary of the National Assn. for the Advancement of Colored People, expressed "deep regret" at the remark.

"This attempt to fasten the Red tag on the movement is unworthy of a man who has roundly denounced the use of the tactic by others. There is not the slightest evidence of Communist engineering, domination or infiltration of this movement," Wilkins said.

in that capacity.

The weed ordinance requires that weeds be cut or burnt once in May and once in August. If the weeds get over 12 inches in height within 200 feet of a street, the town can fine the owner of the lot \$10, or send him to jail for ten days. Myers said the town never had a weed cutting ordinance before and adopted one because sometimes weeds on some lots became unsightly.

NEW PLANE IN TEST FLIGHT

NEW YORK (AP)—The Curtiss-Wright Corp. vertical takeoff plane has made its first flight, stockholders were told today.

President Roy T. Hurley called development of the plane "the greatest among the many contributions to aviation made over the years by the Curtiss-Wright organization."

Hurley told the annual meeting that the inaugural flight followed nine months of engineering and airport testing.

The craft, utilizing two new radial lift propellers, was tested at an altitude of 5,000 feet. At that altitude transition was made to horizontal flight at 165 miles an hour. After a 50-mile flight the

plane returned at 4,000 feet and then landed.

Hurley said the company is completing fabrication of a six-place executive plane which will utilize four radial lift propellers, rise vertically to 16,000 feet and have a cruising speed of 400 miles an hour.

Hurley said five additional models of rotating combustion engines are undergoing final engineering and testing along with the original single rotor 100-horsepower model.

Glittering New Brasilia Becomes Nation's Capital

BRASILIA, Brazil (AP)—Amid religious ceremony and the throb of samba drums, this glittering, still-unfinished city deep in Brazil's heartland becomes the nation's new capital at the stroke of midnight tonight.

Rio de Janeiro—the beautiful waterfront metropolis 600 miles away which has served as the capital since 1763—will become the nation's 21st state, Guanabara.

Brasilia bustled with excitement. Construction workers who have been putting the ultra-modernistic, 300-million-dollar city together for three years dropped their rivet guns and cement buckets and swept up for the historic occasion.

Population Doubles

For the three and a half days of festivities, Brasilia's 100,000 population is expected to double. Representatives from all over the world are pouring in for the inauguration.

Manuel Cardinal Goncalves

Cerejeira of Portugal will represent Pope John XXIII. U.S. Ambassador John Moors Cabot will represent President Eisenhower, who spent a night in the city of the future during his Latin American tour in February.

Everybody who is anybody in Brazil had an invitation for the capital's opening. To cope with the influx the Brazilian air force is running a food airlift, including 200,000 hot dogs.

Impressive Ceremonies

Festivities start at 5 p.m. when Brasilia's first mayor, Israel Pinheiro, hands over the keys of the city to President Juscelino Kubitschek, who faltered the project in the face of stiff opposition.

At 11:30 p.m., Cardinal Cerejeira will celebrate Mass. The city will be plunged into darkness with a beam of light shining on the altar.

Serve poached salmon steaks with mayonnaise to which fresh minced or dried dill is added.

ANN ARBOR, Mich. (AP)—Fifteen University of Michigan students arrested for taking part in a demonstration against racial discrimination in the South have been released.

The city decided Tuesday not to prosecute those arrested Saturday under an ordinance which limits distribution of literature on streets. It said no violation has been established.

Home From Hospital
Miss Adelia K. Hildebrand, E. King St., has returned home after being a patient in the York Hospital for five weeks.

Easter Sunday dinner guests of Mr. and Mrs. Robert F. Harner, Cemetery St., were Mr. and Mrs. Ralph Gushon, Emmitsburg; Mr. and Mrs. H. B. Edwards, St. Petersburg, Fla.; Mrs. Mary Miller, Thurmont, and Mrs. Ethel Garber, Taneytown.

Mr. and Mrs. William S. Dutera moved Tuesday from their former property on E. King St. into their newly built home on Pennsylvania Ave. They sold their E. King St. home to Mr. and Mrs. Marvin Miller, of town, and Mr. and Mrs. Andrew Gregg, Silver Run. The Millers moved recently into the half of the house which they purchased from Duteras.

ACTRESS TO WED
LAGUNA BEACH, Calif. (AP)—Actress Doris Dowling and Hollywood public relations executive Leonard Kaufman will be married today in a brief civil ceremony.

U. S. WORRIED ABOUT KOREA

WASHINGTON (AP)—United States officials expressed concern today lest strife in South Korea tempt Communists north of the 38th Parallel to once again invade that country.

American strategists estimate the Communist army poised in the north is even larger and better equipped than the 50,000-man American and 500,000-man South Korean force below the 38th Parallel which divides North and South Korea.

Dispatches from Korea Tuesday night reported the 15th Korean Division had been released from United Nations control at the government's request and was moving into Seoul to help keep order.

Military men believe, however, that South Korea's internal troubles are causing no direct danger to U.N. forces spread along the armistice line.

Two U.S. Army divisions in Korea include a substantial percentage of South Korean soldiers. In some smaller units, South Koreans outnumber Americans.

Troops of both countries in the border are controlled by the United Nations commander, Gen. Carter Magruder.

300 Greet Elvis At Abilene, Tex.

ABILENE, Tex. (AP)—A yelling crowd of 300 persons, aged about 6 to 60, greeted Elvis Presley's Hollywood-bound Pullman car here Tuesday.

One junior high school girl almost got Presley's ring off his finger. He finally placed the ring and a watch in his pocket as the crowd pressed about him.

The youngsters tried to take off his shoes. Presley compromised and gave one girl a shoe lace.

Miss Dowling, 35, formerly was married to handleader Artie Shaw and movie executive Robert Blumof. Kaufman, also 35, previously was married to writer Polly Stevens.

CHARLES W. STOUGH

In Memoriam 3
EPLBY: In loving memory of our dear husband and father, Dewey J. Epley, who passed away two years ago, April 20, 1958.
Two sad and lonely years have passed.
Since our great sorrow fell.
The shock that we received that day.
We still remember well.
Deep in our heart lies a picture
Of a loved one laid to rest.
In memory's frame we shall keep it
Because he was one of the best.
As we loved him, so we miss him.
In our hearts he's always near.
Loved, remembered, longed for
Always.
Bringing many a silent tear.
The flowers we place upon your grave
May wither and decay,
But our love for you who sleeps
beneath
Will never fade away.

His loving wife, Reba Son, Geary, and family and daughter, Mrs. Charles Heintzelman, and family
